We have not hosted a State Cup game since the late 1990's when it was switched to Central Iowa. A quote from Craig Winger, Iowa Soccer Association as to why they requested to come to Muscatine "It was a consensus that all directors thought very highly of Muscatine and we think it's great they are willing to travel to play on the highest quality fields for our highest level of competition offered within the state. I think the directors are excited about the possibility and I'm excited to work with you guys to make this happen". We are happy to see the return of this state-wide tournament!
5. HNI: HNI has a request before P&Z to property acquisition (right-of-way) that will start with Planning and Zoning (Around Spring, E. 4th and Popular). These streets have been maintain (infrastructure and maintenance) by HNI and loop through their campus. A possible exchange includes several parcels along Mad Creek. Again, this is in the early stages and the ROW process starts with P&Z, but will ultimately end up with the City Council.
6. Housing Development: We have a developer that will be bringing a request for a workforce housing project to the November 12th City Council In-Depth Session. The developer has been working with the owner on the SW corner of Harrison and Bandag. Their plan would be to develop 50 +/- workforce housing units that would include 1, 2, 3, and 4 bed units. The project would

total \$10,000,000 in development costs and they are seeking city support.

7. Riverfront: The Muscatine Parks and Recreation Department would like to announce that the Gas Dock will officially close for the season at 3:00 pm on Wednesday, October 21st, 2015.
