DELIVERY OF PHASE 2 CONTAINERS FOR CITY'S REFUSE COLLECTION PROGRAM WILL BEGIN WEEK OF
JUNE 6

MUSCATINE, Iowa, April 6, 2015 – The City of Muscatine's Refuse Collection Program will complete Phase 2 of delivery for new garbage containers during the weeks of June 6 to 10 and June 13 to 17. The attached map highlights parts of Muscatine that fall into the Phase 2 area.

Each household will receive a standard 65 gallon container. If a 35 or 95 gallon container is preferred, please visit the City of Muscatine's website at www.muscatineiowa.gov and see the Solid Waste and Recycling Collection page for more details on requesting a different sized container. The deadline for ordering a different sized container is May 27.

After receiving the container, residents in the Phase 2 area should place their waste-filled containers at their normal location for collection days. Please leave 3 ft. of space on the sides of the container, just as is required when using the recycling container. All containers delivered for this program and the current recycling program must remain at the address where the containers are delivered even when a resident moves from their current location.

For more information about this program, please visit www.muscatineiowa.gov, call 563-263-9689 or email lliegois@muscatineiowa.gov.
