CITY SEEKS MEMBERS FOR HOUSING FOCUS GROUP

Two groups still looking for group members in Muscatine Housing Study

MUSCATINE, Iowa – The City of Muscatine has two focus groups for their upcoming Muscatine Housing Study that are in need of members according to Adam Thompson, planning/community development coordinator for the City of Muscatine.

The first group is seeking individuals who work in Muscatine but do not live in Muscatine. The second group is for citizens who may have specific thoughts or input concerning housing in the city.

The groups will meet either May 10 or May 11. Anyone who meets the qualifications and would like to participate in this study is asked to contact Thompson at (563) 262-4141 or by email at athompson@muscatineia.gov.

Thompson also noted that a community survey will be sent out in about two weeks to gather community input on the housing situation in Muscatine.
