City Administrator Report to Mayor & City Council

February 17, 2012, Edition No. 36

Report:

1. ATE: We received a GATSO payment today for ATE fines collected - total collected was \$37,225 with their fee at \$12,987 for net City revenues of \$24,238. The detail list is attached as well as my cumulative summary.
2. Council Rules: Please see the attached draft rules that Fran has been working on. Please let me know if we have not addressed a particular concern of yours.
3. Budget: Reminder that the Public Hearing is scheduled for March 1st, 2012, in City Council Chambers.
4. Fire Station II: Please feel free to stop by the Fire Station to review the new panels.
5. Fire Department: Staff is reviewing a request to provide a permit required confined space contract with a local business just outside the city limits. The company is definitely interested in our services, but we'll need to decide if the City wants to provide this service outside City limits and what to charge them (non-resident fee).
6. Lean: Several city staff will be participating in the HNI Lean event on March 7th. Subsequently, Karen Oldergo and additional HNI Team members will be conducting training and mapping sessions with City Staff.
7. TIF: Fridley has met with City Staff regarding their proposed TIF needs. We requested additional information (infrastructure costs, MPW participation information, etc.). This item should be before the City Council in March.
