RE: Resolution – 2014 Asphalt Overlay Program

INTRODUCTION:

The City of Muscatine entered into an agreement with Illowa Investments Inc. for the 2014 Asphalt Overlay Program upgrades on September 4, 2014.

BACKGROUND:

The City of Muscatine annually overlays city streets with Hot Mix Asphalt as part of a resurfacing maintenance program. The plan is to upgrade city streets each year in order to try to maintain our existing roads at a Pavement Condition Index (PCI) of 60 or greater. The funds for this work come from an allocation of the One Cent Local Option Tax.

RECOMMENDATION/RATIONALE:

In 2014 segments of 10 streets were completed. These include Demorest, Devitt, Mary Place, Magnolia, McClellan, Smalley, Summit, W. 3rd, 9th and E. 7th. The project came in \$32,292.96 below the contract price because of minimal manhole improvements required; recycled asphalt used; and conservative engineering estimates. Public Works staff recommends approval of the resolution accepting the completed work and authorizing final payment.
