Re: Musser St. Road Closure

Requesting road closure for 1110 Musser st. A new water service and electrical service is to be installed on the property. The watermain is on the South shoulder of Musser st. A partial road closure cannot be done due to the location of the watermain & the room needed for MPW to do a 6" tap on the watermain.

Closure Dates:

- June 11th, Watermain/Electric/Gas line to be exposed.
- June 12th, MPW to do 6" Tap on watermain. 6" pipe to be ran across roadway.
- June 13th, Ditch will be backfilled & roadway will be concreted back in place.

Sincerely,

Zack Sulzberger
