WATER & RESOURCE RECOVERY FACILITY

MEMORANDUM

To: Gregg Mandsager, City Administrator

CC: Nancy Lueck, Finance Director
Cinda Hilger, Secretary

From: Jon Koch, WRRF Director

Date: March 1, 2019

Re: Lab BOD Incubator Purchase

INTRODUCTION: The Water and Resource Recovery Facility (WRRF) laboratory has received two bids for the purchase of a new VWR Peltier incubator. Staff requested four bids and received two with a low bid from Midland Scientific of \$6,935.77. \$7,500.00 was budgeted for this purchase.

BACKGROUND: Biochemical Oxygen Demand (BOD) sampling requires incubation at a precise temperature for 5 days. The lab performs BOD testing daily as required by the City's discharge permit and for local industries. The current incubators are rusting and have reliability issues requiring frequent repairs leading to lab down-time. Malfunctioning incubators could eventually result in sampling failure and reporting errors.

RECOMMENDATION/RATIONALE: Staff recommends issuing a PO for the purchase of a new VWR Peltier BOD Incubator from Midland Scientific for \$6,935.77.

VWR International's Terms and Conditions of Sale apply. A copy is available on our website (https://us.vwr.com/store/content/externalContentPage.jsp?path=/en_US/about_vwr_terms_conditions_product_sales.jsp), or by request. Customer represents that it has read and agrees to VWR International's Terms and Conditions of Sale.

Identified stock status is based on product availability at time of the quote and may change at time of order. Delivery dates are based on standard lead times from suppliers.

Any images used are not necessarily representative of any product offering from VWR International and do not constitute the basis for purchase decisions.

Customer is responsible for unloading and providing standard receiving facilities for large and/or heavy shipments. Special unloading or delivery can be arranged, provided VWR International is notified at the time of order placement. For such arrangements, please contact VWR International for a quotation. All quotes for installation assume that services related to the equipment are in place at the Customer site (including, but not limited to, gas, plumbing, electrical and ventilation) as per the equipment manufacturer's specifications prior to the installation of the equipment. Installation or other services are not included in this quotation, unless otherwise noted on the quotation.

Customer has a limited amount of time to document and report any shipping damage. Please inspect all shipments upon receipt and refer to Section 4 of VWR International's Terms and Conditions of Sale for additional information.

Items prefixed with "MISC" are subject to regulatory approval once VWR International receives acceptance from the customer. They are special order, and as such may not be returnable. Please allow 6-8 weeks delivery from the time of your first order or acceptance of this quotation.
