These plans are complete and the Public Hearing was last Council meeting. The project plans have been posted on the City's web site since before the Public Hearing was held. The Engineering Estimate of cost is \$3,000,000 to \$3,200,000. This contract will have work in it for Collection and Drainage, and for MPW. Collection and Drainage's share is estimated to be \$335,000 and MPW share is estimated to be \$180,000.
