BACKGROUND:

The design process for Grandview Ave. has been progressing for over a year. This includes survey, design, Right of Way (ROW) acquisition and Iowa DOT review. Bolton-Menk is the design consultant on this project. This project goes from Main Street to approximately 200 yards past Houser Street. A public information meeting was held on this project Dec. 17, 2019 at the WPCP. This project, to continue, needs council to schedule a public hearing on this capital improvement. The project plans will be posted on the City's web site as soon as possible after the scheduling of the Public Hearing is completed.
