MEMORANDUM

WATER & RESOURCE RECOVERY FACILITY

To: Greg Jenkins, Interim City Administrator

CC: Nancy Lueck, Finance Director
Cinda Hilger, Secretary

From: Jon Koch, WRRF Director

Date: January 8, 2020

Re: Fork Lift Purchase Request For HSW Project

INTRODUCTION: Water and Resource Recovery Facility (WRRF) staff has received three quotes for a fork lift that is to be used at the new Muscatine Organics Recycling Center (MORC) to load pallets and bins of packaged food waste from box trailers into the food waste depackaging machine (T42). Illinois Lift Equipment submitted the lowest bid for a lift with the least amount of hours for \$25,774.00. There is money left in the budget of the High Strength Waste (HSW) Project for this purchase.

BACKGROUND: The HSW project had several items that were not included in the contract so that where possible costs could be reduced. It was also necessary for flexibility during the construction process. The project was bid three times in order to bring total project costs below budget in order to facilitate these equipment and other miscellaneous item purchases.

The T42 will depackage food waste brought from industrial, commercial and residential sources. Much of the waste will come in large box trailers. These trailers will be unloaded from one of three existing truck docks left over from the old Recycling Center and reused for the MORC. The fork lift will be fitted with rotating forks so that they can immediately unload material directly into the T42 hopper if desired.

RECOMMENDATION/RATIONALE: Staff recommends issuing a purchase order to Illinois Lift Equipment in the amount of \$25,744.00 to purchase a fork lift and rotating fork assembly for the new organics recycling facility.

BACKGROUND: Three quotes

January 14, 2020

Thank you for your interest in our equipment, attached are a few photos of what this unit will look like when it's done & through the shop, we will install a hose reel so you will have 4 way hyd for the fork rotator

Please let me know if you have any questions

Specs are below:

2012 Toyota 8FGU25
5000lb Capacity
83/189" 3 Stage Mast
Side-Shift
Fork Rotator Installed
Duel Fuel – LPG/Gasoline
3710 Hours
42" Forks
Lights
Back-up Alarm
New Air Pneumatic Tires
New Paint/Decals
Serviced
Delivered
30 Day Powertrain Warranty

\$21,500.00

Lease payment options are below:

	\$1,000.00 Down Payment			
	24 Months	36 Months	48 Months	60 Months
\$1 Purchase Option	\$1,038.33	\$681.01	\$530.75	\$432.96

*Actual terms may vary and subject to credit approval.
Quote valid for 30 days and does not include applicable tax.
Call for alternative payment estimates.*
