MEMORANDUM

To: Mayor and City Council Members
Cc: Greg Jenkins, Interim City Administrator
From: David Popp, Solid Waste/Collection and Drainage Manager
Date: July 30, 2020
Re: Refuse Container Purchase

Recycling Center
Transfer Station
Landfill Operations
Refuse Collection

Introduction:

The City of Muscatine Solid Waste/Refuse Collection division utilizes roll out containers for its curbside residential waste collections.

Background:

Residents are offered three different size roll out containers to choose from for their weekly curbside trash collections. These are 35, 65, and 95 gallon plastic roll out containers. As part of the refuse collection program, the City of Muscatine will replace broken containers or provide a different size container upon request from the residents. The 95 gallon containers are the most requested and are the size that are purchased every year to keep on hand for replacements.

Recommendation/Rationale:

Staff recommends that the council approve the issuance of a purchase order in the amount of \$6825.60 to Rehrig Pacific Company for the purchase of 112 new 95 gallon containers with lids. Rehrig Pacific Company is the only quote on order to keep all of the carts owned by the City the same make and model. Staff are pleased with the durability and ease of use of these containers and would like to continue with this brand. Funds for this purchase have been budgeted in the FY 2021 Refuse Collection Capital Equipment Budget.

Background Information:

Rehrig Pacific Company proposal
