Collection & Drainage
Building & Grounds
Engineering

To: Gregg Mandsager, City Administrator
CC: Fran Donelson, Secretary
FROM: Randy Hill, Public Works Director
DATE: July 30, 2012
RE: Stop Sign – Harrison Street Extension Project

INTRODUCTION:

Harrison Street is currently under construction and is anticipated to handle traffic before the 2012/2013 school season begins.

BACKGROUND:

With the completion of the Harrison Street Extension Project the primary drop-off/pick-up location for Colorado Elementary School students will be on Harrison. Parents/guardians will use Harrison as an avenue to and from school. Since traffic is expected to be heavy during the beginning and ending of the school day certain traffic control measures are necessary to ensure the safe flow of vehicles.

RECOMMENDATION/RATIONALE:

It is the Traffic Committee's recommendation to place a STOP Sign on Harrison at the intersection with Bandag Drive. This is a "T" intersection with the new Weed Park-Wild Cat Den trail crossing Harrison at Bandag Drive. The committee would like to have this traffic control in place as soon as the Harrison Street construction is completed and the roadway ready to be opened. If you have any questions, please contact me.
