MEMORANDUM

Equipment Maintenance
Roadway Maintenance
Collection & Drainage
Building & Grounds
Engineering

To: Gregg Mandsager, City Administrator
CC: Fran Donelson, Secretary
FROM: Randy Hill, Public Works Director
DATE: July 8, 2013
RE: Road Closure Request – 101 E. 7th

INTRODUCTION:

Public Works Staff has been asked to allow the 100 block of E. 7th to be closed for a sewer repair project at 101 E. 7th.

BACKGROUND:

Boche Plumbing contacted Matt Chandler, Collection & Drainage Supervisor, to close E. 7th while they removed and replaced a sewer service at 101 E. 7th. There is an obstruction in the line resulting in a blockage. Matt told them this request requires City Council approval.

RECOMMENDATION/RATIONALE:

Boche Plumbing will start on the project immediately from the house to the curb. They have already requested locates. If council approves their request, Boche will move into the street either Friday (12th) or Monday (15th) with closure expected not to exceed 3 days. When asked if the plumber could keep at least one lane open during construction, it would seem the road is too narrow for this, and the sanitary line is located on the other side of the street (see map).

Staff recommends approval.
