**FOR IMMEDIATE RELEASE
AUGUST 27, 2018**

MUSSER STREET CLOSED TO THROUGH TRAFFIC

Work at Musser Houser intersection expected to be completed by Aug. 31.

MUSCATINE, Iowa – Musser Street was closed to through traffic between Grandview Avenue and Houser Street today (Aug. 27). All-American Concrete will be making concrete repairs at the intersection of Houser and Musser Streets with work expected to be completed by the end of the day on Friday, August 31.

Drivers are urged to slow down and use caution around work zones, and to find alternate routes of travel if possible.

All-American Concrete was awarded the Full Depth Concrete Patching project by the City of Muscatine in July. The first segment of that project, a full closure and replacement on Division Street, has been completed with the street now open to traffic. All-American has also started work on Stewart Road and drivers should expect some lane closures throughout the next several weeks.
