**FOR IMMEDIATE RELEASE  
MAY 21, 2019**

### **ONE BLOCK OF IOWA AVENUE TO BE CLOSED THURSDAY**

*Iowa Avenue from 7th to 8th to be closed for milling, sewer replacement, and repaving*

**MUSCATINE, Iowa** – Iowa Avenue will be closed starting Thursday (May 23) from 7th Street to 8th Street as KE Flatwork, Inc., mills the pavement as part of Phase 4B of the West Hill Sewer Separation Project. Barricades will be placed on Iowa Avenue Wednesday (May 22) along with no parking notices.

These two blocks of Iowa Avenue will remain closed to traffic until work is completed and that is scheduled for no later than July 3, 2019.

The 8th Street closure, which currently extends from Cedar Street to Iowa Avenue, will also be extended to just east of the intersection with Chestnut Street according to city project managers as the 100 block of West 8th Street will also be milled.

Work on sanitary sewer and pavement replacement will begin next week on the Iowa Avenue intersection with 8th Street and on Iowa Avenue south to the #7 Alley. Work on Iowa Avenue is scheduled to be wrapped up by July 3 with work then moving west on 8th Street from the Iowa Avenue intersection.

KMA Excavating, Inc., is wrapping up underground work on the first section of the Phase 4B project which included the 100 and 200 blocks of East 8th Street and the 700 block of Chestnut.
