explore the importance of conservation, the balance of ecosystems, predator/prey relationships, as well as the relationships between humankind and the natural world.

Most importantly, the exhibition allows visitors to appreciate both nature and the sculptures as something beautiful, and to inspire them to go home and create something wonderful themselves.

"Image Exhibitions is proud to partner with Sean Kenney to bring the creative vision of *Nature Connects* to Muscatine," Tom Zaller, CEO of Image Exhibitions, said. "The messages in the exhibition about our connections to nature are beautifully presented and effectively weaved into the story in the hopes of inspiring visitors to think more about mankind's impact on the greater world around us."

Come explore the beauty and wonder of Sean Kenney's *Nature Connects Made with LEGO bricks*, open to the public Tuesday through Sunday. Information is available at www.muscatineartcenter.org.
