CHANGES TO SNOW EMERGENCY REGULATIONS ON THE AGENDA

Public hearing on revisions to be held prior to first reading of amended ordinance

MUSCATINE, Iowa – Revisions to the current City of Muscatine Snow Emergency Regulations will be the subject of a Public Hearing during Thursday's (Aug. 18) City Council meeting.

A virtual meeting will be held in conjunction with the in-person meeting for those who want to view the proceedings or make a comment but do not feel comfortable in attending in person. Details for joining that meeting are listed below.

During its December 21, 2021, in-depth session the City Council agreed to move forward with updating City Code to allow for a snow emergency ordinance that would prohibit parking on posted snow routes. The potential revisions to the ordinance were presented to City Council at the July 15, 2022, in-depth meeting with the Council agreeing to proceed with the revisions.

The Snow Emergency Regulations were changed in 2013 from essentially posted snow routes that would become no parking areas when a snow emergency was declared so that plows could more easily remove snow from the street. The change implemented the alternative side of the street parking policy with the thought that it would result in more vehicles being moved off the street to allow for more efficient snow removal of the streets to the curb lines.

The alternate side parking provision in the current ordinance has proven to be difficult to enforce and difficult for the public to understand and comply with. The proposed revisions to the ordinance would bring back the posted snow emergency routes where parking would be prohibited during snow removal. In addition, the revised ordinance clarifies when a snow emergency would be declared along with added sections on stalled vehicles, removal and impounding of vehicles, and citation on vehicles.

In other business Thursday, the Council is expected to:

- Set a public hearing for September 1 on potential environmental impacts for West Hill Sanitary & Storm Sewer Separation Project Phase 6;
- Set a public hearing for September 1 on ATV/UTV Ordinance revisions;
- Approve the contract and bond for the 67th Avenue Sidewalk Improvements Project;
- Approve a purchase order for a modular restroom building at Taylor Park;
- Approve payment of economic assistance for certain small businesses in the Grandview Corridor;
- Approve issuing purchase orders for three projects at the Weed Park Aquatic Center; and,
- Approve a legal retention agreement for City Attorney services..
