FOR IMMEDIATE RELEASE
JUNE 9, 2023

LOGAN-LUCAS INTERSECTION TO BE CLOSED TO TRAFFIC

MUSCATINE, Iowa – The intersection of Lucas and Logan streets will be closed to all traffic starting at 7 a.m. Monday (June 12) as Haggerty Construction completes the sanitary and storm sewer work as part of Phase 5 of the West Hill Storm and Sanitary Sewer Separation Project.

Haggerty Construction, the prime contractor, anticipates the sewer work will take one week to complete followed by repaving of the intersection by sub-contractor Heuer Construction. A date for the reopening of the intersection is weather dependent.

Local traffic only is allowed in the construction area. Access to residences west of Logan will be from North Houser Street while access to residences east of Logan, including access to Greenwood Cemetery, will be from West 8th Street. Access to residences on Logan will be from Climer Street.

Additionally, Dick Drake Way will be restricted to local traffic only from Highway 61 to Stewart Road starting Monday, June 12, through Thursday, June 22. West Continent Energy Services, LLC, a subcontractor for Kinder Morgan, will be upgrading gas line infrastructure and that includes the excavation of the pipe that runs under Dick Drake Way.

PRESS RELEASE

215 SYCAMORE STREET
MUSCATINE, IA 52761
PH. (563) 264-1550

Part of Dick Drake Way will be open to local traffic only with a full close of the road from the Canadian Pacific Rail Road crossing to the entrance of Union Tank Car Company.

The detour will be to use Grandview Avenue to Oregon Street to Stewart Road.

Drivers are reminded to slow down and use caution when travelling through the construction zone, obey traffic control devices, and be aware of workers. Use an alternate route if possible.

For more information on City of Muscatine construction projects, click here ([CONSTRUCTION](#)) to visit the Department of Public Works Construction Projects page.

To comment, provide a suggestion, or notify the city of an issue please click on [MUSCATINE CONNECT](#), powered by SeeClickFix, to send a message, photo, or map location to a specific City department.
