FOR IMMEDIATE RELEASE  
MAY 10, 2024

## CITY TO EXERCISE, TEST 2ND STREET FLOODGATE

East 2nd Street closed Tuesday morning; detour will be 5th Street

**MUSCATINE, Iowa** – The Department of Public Works is planning to exercise Flood Gate #2, located on 2nd Street at Mad Creek, as part of a training exercise and the flood preparedness plan.

The City of Muscatine plans to close East 2nd Street from Oak Street to Highway 92 from 10 a.m. to 12 p.m. on Tuesday, May 14, as the gate is moved into place to complete the flood wall and then moved back to its storage location.

The detour for the street closure will be to use East 5th Street from either Park Avenue or from Oak Street.

## CITY OF MUSCATINE PRESS RELEASE

---

Maintenance of the flood gate is usually conducted annually prior to the start of the spring flood season. With no major flooding anticipated during Spring 2024, the exercise was postponed until next week. The Department of Public Works has several new staff members who will receive their first training on the gate closure next Tuesday. The department will also be closing Flood Game #1 located on Mississippi Drive at the HNI entrance, later next week or the week after for training and maintenance purposes.

There is always the potential that heavy rain in the upper river basin will create flooding conditions downstream, so the department is ensuring that all gates work properly if needed. The river is currently expected to crest at 13.6 feet on Tuesday. Flood stage is 16-feet.

Click on [Flood Resources](#) for more information on river conditions and flood plan actions.
