CITY OF MUSCATINE PRESS RELEASE

MIST NOT MISTING THIS YEAR

For nearly 20 years the Mississippi Mist along the riverfront has provided a fun option to cool off in the summer heat, but that will not be the case this year. The Mississippi Mist will remain closed this year as the City of Muscatine completes renovations to the splash pad so that it can provide many more years of fun for the young and old residents and visitors to Muscatine. Work is anticipated to take most of the summer.

TAYLOR PARK SPLASH PAD OPENING DELAYED

Muscatine Parks and Recreation will keep the water turned off at the Taylor Park Splash Pad until construction activity has been completed. The long-awaited restroom area is still a work in progress as is some additional landscaping. Keeping the public's safety in mind, Parks and Recreation staff has decided not to turn the water on until construction activity has been completed. Stay tuned for more information later on when the splash pad will open.

STILL PLENTY TO DO IN MUSCATINE

Muscatine offers a variety of recreational opportunities that can be taken advantage of while the splash pads are kept dry. Visit the Muscatine Aquatic Center if you feel the need to splash
