FROM: Brian Stineman, Director of Public Works

DATE: March 30, 2017

RE: Request to Purchase Surplus Crack Sealing Machine

INTRODUCTION:

The City of Davenport has two surplus Crafcro Crack Sealing Machines for sale and are willing to sell one or both to the City of Muscatine.

BACKGROUND:

Director Stineman contacted the City of Davenport to inquire about obtaining one of their surplus crack sealing machines. Davenport has a 2007 Crafcro Supershot 125 Melter that they are willing to sell to the City of Muscatine for \$12,000. This unit has 3345 hours on it and is in very good condition. The unit has been inspected by the Public Works Director, Vehicle Maintenance Supervisor and Street Maintenance Superintendent and we feel it is a good value for the city. A new unit like this typically costs over \$40,000.

RECOMMENDATION/RATIONALE:

The Public Works staff recommends purchase of the 2007 Crafcro Supershot 125 Melter from the City of Davenport, Iowa for the amount of \$12,000. Funding for this item is available in the revised Roadway Maintenance Budget.
