Attached please find the 2019-2022 Local Access TV/Online Communications Agreement. This agreement continues our longstanding partnership with a few adjustments to reflect the new services that are now being offered and nominal fee schedule updates.

I am excited to announce a virtually 'NEW' channel, that should be broadcasting by July 1st. The broadcast upgrades will include HD programming and very robust and engaging digital signage that will be displayed between programming. The new equipment will allow enhanced ways for your staff to communicate with the public including video PSA's, twitter feeds, Instagram, and more!
