Re: Right of Way Vacation Ordinance – (PZVROW-5) Brier Street and Adjoining Alley

INTRODUCTION: The City of Muscatine has filed for the vacation of the right of way comprising Brier Street and portions of adjoining alley.

BACKGROUND: The City of Muscatine has filed for the vacation of the right of way comprising Brier Street and portions of adjoining alley. It is the intent, if this request is approved by City Council, to convey the vacated right of way to the adjoining property owner.

The forthcoming Grandview Avenue Corridor Project will impact, by creating one defined driveway off of Grandview, the parking that some businesses at the Grandview/Brier intersection. The vacation of Brier Street and conveyance of Brier Street to the adjoining property owners will allow the impact of this mitigation by the relocation of this parking. To avoid leaving right of way remnants all of Brier Street and small connecting alley is being proposed for vacation.

Brier Street no longer serves the interest of anyone beyond the adjoining property owners. There is no possibility of further extension of Brier Street to the southeast because it currently terminates at the railroad tracks without a crossing. The northwest end of Brier Street terminates in 75.5 acres owned by GRIDCO, LLC. The northwesterly 170' of the Brier Street right of way is currently undeveloped, heavily wooded and crossed by a small stream. In addition to 60' of frontage on an undeveloped portion of Brier Street, GRIDCO's acreage has 2,670' of frontage along Musser Street, 1,400' of frontage along Houser Street, and 390' along Grandview Avenue. As such the vacation of Brier Street does not impact the accessibility or developability of this acreage.

RECOMMENDATION/RATIONALE: The Planning and Zoning Commission voted at their August meeting to recommend approval of this request. Staff concurs with this recommendation, the right of way being proposed for vacation serves no useful public purpose.
