AGENDA

1. Roll Call/ Call to Order
2. [Review of Fall Leaf Pickup Policy and Procedures \(Brian Stineman\)](#)

The purpose of this item is to review the process for fall leaf collection. Originally I wanted to propose changes to the procedure. However, after recent review it appears that the proposal is not feasible at this time. I will go over the equipment and labor needed to provide this service as well as the external and internal costs to provide different levels of service. This will be done with a PowerPoint presentation and a question and answer interaction.

3. [Muscatine Organics Recycling Center \(MORC\) Update and New Drop Off Service](#)

Update on the MORC and to announce a free drop-off for residents wanting to collect and dispose of their food waste for beneficial reuse instead of putting it in the trash. We are asking Council and anyone else how best to promote this new service.

4. [Memorandum of Understanding \(MOU\) with DNR for Nutrient Reduction Project](#)

An introduction of a new program we will be bringing to Council at a later date for formal approval. We are asking if Council wishes to have us proceed with the MOU as our means to comply with the nutrient reduction requirements in the City's discharge permit.

5. [Review of Firework Sales and Use in Muscatine \(Mike Hartman\)](#)

The purpose of this item is to present information about the recent history of fireworks in Muscatine and to provide a description of what the present status is on fireworks sales and use, as well as what may occur moving forward.

6. Adjournment
