SUBJECT

A resolution approving a permanent stormwater management easement in the public right of way adjoining 304 Iowa Ave

EXECUTIVE SUMMARY

The Stanley Center for Peace and Security is requesting an easement to construct stormwater management infrastructure within the public right of way adjoining 304 Iowa Avenue.

STAFF RECOMMENDATION

Staff recommends Council approve the attached resolution.

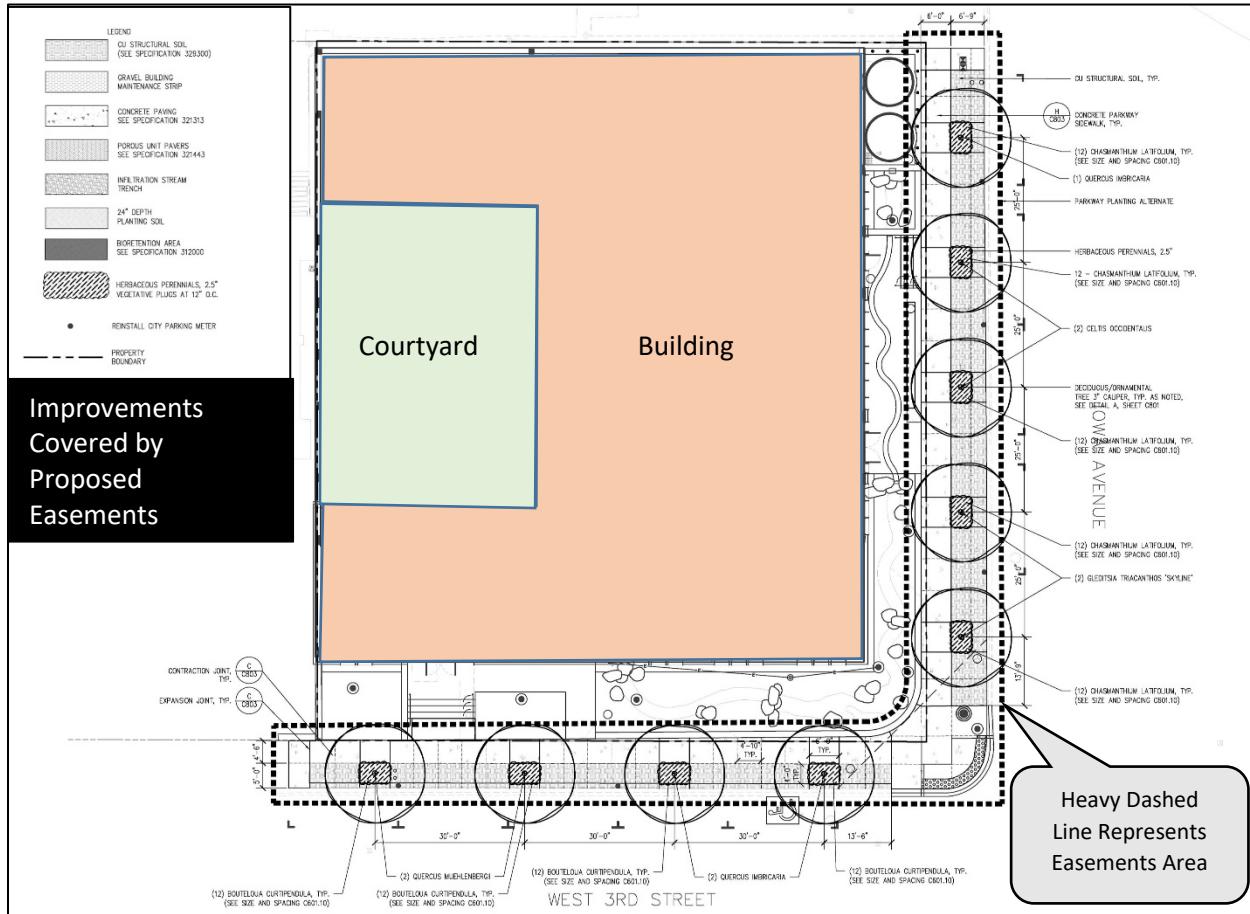

BACKGROUND/DISCUSSION

The Stanley Center for Peace and Security acquired the former location of the Musser Public Library from the City of Muscatine in October of 2020 in order to renovate into the space for the Center's new offices. When completed the building will be one of the most environmentally-friendly and ecologically-sustainable buildings in the world. It will include space dedicated to the Center's programming and provide opportunities to synergize with local resources such as the Musser Library, Muscatine School District, Muscatine Art Center, and international visitor programs. The renovated building will model green practices and raise awareness about the need for collective action on global challenges like climate change.

In order to facilitate better stormwater management, the Stanley Center is requesting to make alterations to the public sidewalk along the northeast and southeast fronts of the property along 3rd Street and Iowa Avenue. Work will include removal and replacement of sidewalk paving, installation of permeable pavers, installation of trees and tree grates within sidewalk;

installation of bioretention planters within the sidewalk, and installation of irrigation to the landscaping. These improvements would be constructed and maintained by the Stanley Center, making an easement necessary to allow this activity within the public right of way.

CITY FINANCIAL IMPACT

None.
