Schedule of Findings and Questioned Costs		131

FINANCE & RECORDS

TO: Honorable Mayor and City Council

DATE: December 5, 2012

Iowa law requires that all cities publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the City of Muscatine for the fiscal year ended June 30, 2012.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

McGladrey LLP, Certified Public Accountants, have issued an unqualified ("clean") opinion on the City of Muscatine's financial statements for the year ended June 30, 2012. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complement this letter of transmittal and should be read in conjunction with it.

The independent audit of the financial statements of the City was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the City's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are included in the compliance section of this report.

Profile of the Government

The City of Muscatine was incorporated in 1851 by a special act of the Iowa State Legislature and is located on the Mississippi River, which is the eastern boundary of the state of Iowa. The City is located 160 miles east of Des Moines, 200 miles west of Chicago, and is the county seat of Muscatine County. The City occupies a land area of approximately 17 square miles and serves a population of 22,886 people. The City is empowered to levy a tax on all property located within its boundaries.

The City operates under the mayor-council form of government and has a City Administrator. Policy-making and legislative authority are vested in a mayor and seven council members. The city council is responsible, among other things, for passing ordinances and resolutions, adopting the budget, appointing committees, and hiring both the City Administrator and the City Attorney. The City Administrator is responsible for carrying out the policies and ordinances of the city council, for overseeing the day-to-day operations of the government, and for appointing the heads of various departments. The council is elected on a non-partisan basis. Council members serve four-year staggered terms and the mayor is elected to serve a two-year term. Five of the council members are elected by district. The mayor and the two remaining council members are elected at large.

The City provides a full range of services including police and fire protection; roadway maintenance; water pollution control; solid waste management; recreational and cultural activities and facilities; and a general aviation airport.

The City Council is required to hold a public hearing on and adopt a budget for each fiscal year no later than March 15th of the preceding year. The annual budget serves as the foundation for the City's financial planning and control. The budget is prepared by function, fund and department. The legal level of control is at the function level. The budget may be amended by resolution of City Council following a required public hearing.

The City's government-wide financial statements include two discretely presented component units. These component units are those entities for which the City is considered to be financially accountable. These entities are the Muscatine County Solid Waste Management Agency (Agency) and Muscatine Power and Water (MP&W). The Agency is comprised of eight governmental entities in Muscatine County and based on the City of Muscatine population, the City accounts for 56% of the board's voting authority. The City Council also approves the Agency's budget, sets its rates and approves any debt issuance. MP&W is a municipal utility which provides water, electric, and communications services within the City of Muscatine and in other areas within Muscatine County. MP&W's governing board is appointed by the Mayor and approved by Council. MP&W provides a financial benefit to the City by providing electricity for City buildings and all street and traffic lighting free of charge to the City. These entities are reported in separate columns in the government-wide statements to emphasize that they are legally separate from the City.

Local Economy

The City of Muscatine has a history of business and industrial development equal to cities of much larger size. Muscatine is the corporate headquarters of HNI Corporation, makers of office furniture. Other major employers located in the Muscatine area include H.J. Heinz LP, food processing; Bridgestone-Bandag, makers of pre-cured tire tread rubber, Monsanto Company, herbicides and plastics; Raymond-Muscatine, front-end loaders, etc.; Muscatine Foods Corporation, corn distillates and feed; Stanley Consultants Inc., consulting engineers and architects; and Musco Sports Lighting LLC, sports lighting systems. The presence of many diverse companies has provided the Muscatine economy with economic stability and employment security for many years. Unemployment rates over the past ten calendar years ranged from 3.2% to 8.1% with the rate for 2011 at 6.4%. Prior to 2009, 2010, and 2011 when the rates were 8.1%, 7.6%, and 6.4%, respectively, the highest previous rate was 4.6% in 2008. The recent higher rates are attributed to the local effect from the national economy. Muscatine Power and Water, the City of Muscatine's municipal light, water, and communications utility, operates the largest municipal power plant in the State of Iowa. This plant provides for abundant supplies of low cost electricity.

The City's Water Pollution Control Plant has undergone renovation over the years and currently has the capacity to triple the volume of wastewater it treats with only marginal increases in operating expenditures. The City operates a general aviation airport and has excellent railroad service provided by the Canadian Pacific Railroad.

All of these elements provide an excellent atmosphere for continued economic stability and growth.

Long-term Financial Planning

On May 10, 1994, the citizens of Muscatine first voted to implement a 1% local option sales tax for the purpose of funding storm and sanitary sewer renovation and extension projects. The tax was imposed effective July 1, 1994, for a five-year period. Voters approved continuation of the local option sales tax for two subsequent 5-year periods through June 30, 2009. This tax was used primarily for storm and sanitary storm sewer projects with the exception of 10% that was allocated to the Pearl of the Mississippi project from May 1, 2003 through June 30, 2009. The 1% local option sales tax generated over \$2.6 million in the most recent year.

In 2008 the City held an election for the continuation of this tax. The ballot question approved by voters extended this tax for an additional ten years (through June 30, 2019) with up to 20% of the proceeds to be used for the City's Pavement Management Program with the remaining 80% to be used for storm and sanitary sewer improvement projects. Future sewer projects have been identified including those required by an Order for Compliance on Consent issued by the United States Environmental Protection Agency (E.P.A.). Provisions of the Order require the City to complete separation of the combined sewers in the Hershey Avenue area by December 31, 2011, and separation for the remaining combined portions of the sewer system including the West Hill area by December 31, 2024. The City recently received approval from the E.P.A for extension of this completion deadline for the multi-phase, multi-year West Hill area sewer separation to December 31, 2028. The Hershey Avenue Sewer Separation project was completed in 2011/2012 and the contract for the first phase of the West Hill Sewer Separation project was awarded in May of 2012. The election to continue the local option tax again received strong support by voters.

The City began a comprehensive Pavement Management Program in 2007. Allocations totaling over \$5 million funded the initial upgrade of streets throughout the City. These improvements were substantially completed by June 30, 2010. The initial costs of this program were funded with general obligation bond proceeds. Annual allocations to maintain all streets at this higher level began in 2010/2011 with funding from the 20% allocation of local option sales tax. This 20% allocation was \$531,100 in 2011/2012. In addition to street improvements funded from local option sales taxes, engineering design is currently underway for major improvements to both Cedar Street and Colorado Street. Those projects will be funded from federal grants and general obligation bond proceeds.

The City continues to complete improvements at the municipal airport as part of the long range plan for this facility. In 2011/2012 construction of the hangar access road and improvements to the municipal hangar and T-hangars were completed. Construction was also underway on the runway lighting improvement project. Projects for the upcoming year include completion of the airport runway lighting project, airfield maintenance, and the airport hangar access security and T-hangar drainage project.

Since 2003/2004 the City has made operational changes to address funding reductions to the City's General fund as a result of reductions in funding from the State of Iowa which began in

2003/2004 and continued in 2004/2005. The state eliminated approximately \$360,000 in annual funding to the City of Muscatine beginning in 2003/2004 and an additional \$70,000 annually was eliminated in 2004/2005. In response to these reductions, the City made a number of significant budget changes which included personnel reductions, funding transfers and consolidation of services. Full-time equivalent employees of the City are fifteen (15) less than what was included in the original 2003/2004 budget. Nine (9) of these positions were eliminated when the City of Muscatine and Muscatine County combined their emergency dispatch services effective in September, 2004. Both entities have and will continue to benefit both financially and operationally by combining their dispatch services.

A key issue in the development of the 2010/2011 budget was the consideration of and ultimate adoption of a Utility Franchise Fee on Alliant Energy, the provider of natural gas to the community. The ordinance change adopting this fee provides that the fee may be up to 5% on natural gas sales by Alliant in the community. The initial rate was set at 2% which was effective July 1, 2010. Implementation of this fee allowed for a reduction in the City's property tax rate for 2010/2011 and future years. The establishment of this fee allowed the City to diversify its funding sources used for the provision of General Fund services and reduce the City's property tax rate. With this franchise fee in place for up to 5% of gas sales, this also allows flexibility in future years for the City Council to modify this rate if needed to continue to provide expected levels of City services to residents. This rate can be modified by giving a 90-day notice to Alliant Energy. For the 2012/2013 year City Council chose to reduce the Utility Franchise Fee rate to 1% which is projected to generate \$112,500. This reduction was possible since there have been strong revenues in other areas of the General Fund budget, specifically Automatic Traffic Enforcement (ATE) fines, fees for Fire department inspections and permits, and increased hotel/motel taxes.

The City made a number of structural and operational changes in 2010/2011 in an effort to place the General Fund in a better financial position for 2011/2012 and future budget years. These included (1) a reduction of one full-time position in the Park Maintenance budget; seasonal staff was increased to partially offset this reduction for a net savings of \$49,300, (2) elimination of one full-time custodian position with contract cleaning services partially offsetting the cost savings for a net savings of \$7,400, (3) funding economic development administrative costs and the Chamber economic development allocation with Tax Increment Financing (TIF) funds (a total of \$137,500 in 2011/2012), (4) not filling the budgeted $\frac{3}{4}$ time Automatic Traffic Enforcement (Red Light Camera) Technician in the Police department net of the cost of creating an additional sergeant position for this function (\$30,000 savings), and (5) transferring the dredge operation to the Water Pollution Control fund (\$42,000 General Fund savings). These items total \$266,200 which provided a positive impact on the General Fund for 2011/2012 and will continue to have a positive impact on the General Fund in future years.

Additional changes implemented in 2011/2012 focused on department efficiencies and cost savings including (1) using sponsorships for the Parks seasonal brochure and Golf score cards saving \$4,700 annually; (2) the new eleven foot mower in the Parks department and trackhoe for grave digging at the Cemetery both saved man hours that were redirected to other functions in those divisions; (3) additional Park sites were "adopted" under the "Adopt a Park" program with this program expanding from four sites in 2010 to eleven in 2011; (4) redesigning the Library circulation system process eliminating a 35-hour/week position and creating a new 30-hour/week "Holds" person at a lower pay rate for a savings of \$17,800; (5) using staggered work times in the Police investigations division which reduced overtime and call-ins saving an estimated \$3,500 in overtime costs annually; (6) activities in the Engineering (engineering design for smaller projects), Community Development (Comprehensive Plan update), and Art Center (printing) were done in-house rather than under contracts resulting in varying amounts of cost savings; (7) using

inmate labor to clear the Airport fence line of unwanted growth saved an estimated \$22,000; and (8) the use of automatic traffic enforcement cameras has allowed the Police department to re-direct their time to other areas of law enforcement.

Departments will continue to look for efficiencies and cost savings in their operations in 2012/2013 and future years. The City's goal for the upcoming year of establishing a formal "Lean" program will assist departments in identifying and implementing efficiencies and cost savings applicable to their department operations. With limited financial resources expected to be available in future years and a growing demand for municipal services, the City must continue to take significant steps to enhance revenue streams as well as reduce expenditures where appropriate to meet these challenges.

Relevant Financial Policies

The City's budget policies provide that the City's unreserved General Fund balance be at least 10% of budgeted General Fund expenditures. The City implemented Governmental Accounting Standards Board (GASB) Statement No. 54 in 2010/2011. This Statement provided for the following new classifications of governmental fund balances: nonspendable, restricted, committed, assigned, and unassigned. The unassigned portion of the General Fund balance is similar to the previous classification of unreserved balance referenced in the City's financial policies. The unassigned General Fund balance at June 30, 2011 was \$2,141,534 which was 14.3% of General Fund expenditures. The unassigned General Fund balance increased to \$3,319,319 at June 30, 2012 which is 21.2% of General Fund expenditures. This was an increase of \$1,177,785 compared to the prior year unassigned balance. The City has been striving to increase the General Fund balance in recent years over the minimum required by the City's financial policies. The General Fund balance increase is attributed to several categories of revenues exceeding their budget estimates and most General Fund departments operating under their budget allocations. The major revenue sources which exceeded their budget estimates included building permits and related fees (\$56,787 over the budgeted amount), parks and recreation fees (\$69,575 over the budget estimate with most of this increase from the Aquatic Center due to the very hot and dry summer), automatic traffic enforcement fines (\$133,887 over the estimate), and court fines (\$48,187 over the estimate).

For the 2012/2013 budget, taxable property values increased by 2.8% which will provide \$173,971 more in tax funding from the general fund tax levy which has been at the maximum rate of \$8.10 per \$1,000 of valuation in all recent years. There was growth in residential property valuations of 5.4%. Commercial property valuations, however, increased by only .5% and industrial property valuations decreased for 2012/2013 by .9% due to revaluation of these properties by the County Assessor.

As noted in the previous section, beginning in 2010/2011 the City implemented a 2% utility franchise fee on the provider of natural gas services in the community. This fee will decrease to 1% for 2012/2013. The availability of this new revenue source will assist in continuing to fund the City's core General Fund services to the community. This fee is budgeted to generate \$112,500 in the upcoming 2012/2013 fiscal year. As noted above, this fee may be increased up to 5% by City Council action with a 90-day notice to the utility.

The City continues to claim less than the full amount of incremental taxes available from the Downtown and Southend Tax Increment Financing (TIF) areas. As growth in valuations in these areas has exceeded original projections, balances have been accumulating in these funds in advance of the debt schedules in effect. Not claiming the full amount allows a portion of the

increased values in each area to go back onto regular taxable valuations of all taxing entities affected. Approximately \$532,000 of incremental taxes were not claimed by the City for 2011/2012 and this amount is estimated at \$519,000 for 2012/2013. This results in increased regular taxable values and increased taxes generated by the \$8.10 General Fund levy.

The effects of the changes implemented by City Council in 2010/2011 and 2011/2012 as well as those implemented in previous years in reducing the General Fund workforce, combining services with Muscatine County, and claiming less than the full amount of incremental taxes will continue to be realized in future years. These changes as well as the implementation of the utility franchise fee beginning in 2010/2011 have placed the City in a more favorable position to address funding requirements for the provision of General Fund services in future years.

Major Initiatives

The City continues to strive to make significant capital improvements to the City's infrastructure and facilities. Major budget initiatives for 2012/2013 include (1) completion of engineering design and starting construction for major improvements to Cedar Street, and Colorado Street; (2) construction on the first phase of the multi-year, multi-phase West Hill separation project with the first phase scheduled to be completed late in 2013; (3) final engineering design for the second phase of the West Hill Sewer Separation project; (4) completion of the Mad Creek Sewer Extension project in conjunction with the voluntary annexation of 400 acres of property including a mobile home park in the northeast section of the city; and (5) replacement of the fairway irrigation system at the golf course.

Awards and Acknowledgements Updated

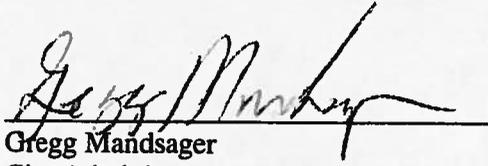

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Muscatine for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2011. This was the 18th consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized CAFR. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

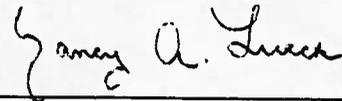

In addition, the City has also received the GFOA's Distinguished Budget Presentation Award for its annual budget document for fiscal year 2012/2013. In order to qualify for the Distinguished Budget Presentation Award, the City's budget document was judged to be proficient in several categories, including as a policy document, a financial plan, an operations guide, and a communications device. The award for the 2012/2013 budget was the 28th consecutive year that the City of Muscatine has received the GFOA's Award for Distinguished Budget Presentation. The GFOA's Distinguished Budget Presentation Award is good for a period of one year. The City of Muscatine plans to submit its budget document for the 2013/2014 fiscal year to the GFOA to again be considered for this award.

In regard to the preparation of this report and the accounting activity throughout the year in the Finance Department, we would like to express our appreciation to all members of this department for their assistance and contributions for this endeavor. Also appreciated is the continued interest and support by the members of the City Council in planning and conducting the financial operations of the city in a responsible and prudent manner in these times of limited resources and ever-increasing demands. Lastly, we would extend our appreciation to McGladrey LLP, Certified Public Accountants, for their assistance and suggestions in regard to the preparation of the Comprehensive Annual Financial Report.

Respectfully submitted,

Gregg Mandsager
City Administrator

Nancy A. Lueck
Finance Director

Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of Muscatine
Iowa

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
June 30, 2011

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

Independent Auditor's Report

To the Honorable Mayor and
Members of the City Council
City of Muscatine, Iowa
Muscatine, Iowa

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Muscatine, Iowa, as of and for the year ended June 30, 2012, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Muscatine, Iowa's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the discretely presented component unit, Muscatine Power & Water, which represents 98 percent, 100 percent and 99 percent, respectively, of the assets, net assets and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for Muscatine Power & Water, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Muscatine, Iowa as of June 30, 2012, and the respective changes in financial position and the cash flows where applicable thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 5, 2012, on our consideration of the City of Muscatine, Iowa's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 16 through 29, budgetary comparison schedule of revenues, expenditures and changes in fund balance budget to GAAP reconciliation and schedule of funding progress for other postemployment benefit plan on pages 71 through 75 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board (GASB) who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Muscatine, Iowa's basic financial statements. The combining and individual nonmajor fund financial statements and other schedules, listed in the table of contents as supplementary information, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audit of States, Local Governments and Nonprofit Organizations* and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described previously, and the report of other auditors, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the City's basic financial statements. The accompanying introductory and statistical sections, as listed in the table of contents, are presented for purposes of additional analysis and is not a required part of the financial statements. Such information has not been subjected to the auditing procedures applied in the audits of the basic financial statements, and accordingly, we do not express an opinion on or provide any assurance on it.

Management's Discussion and Analysis

As management of the City of Muscatine, we present this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2012. This narrative is intended to supplement the letter of transmittal and the financial statements and should provide the reader with contextual information that will advance our goal of full disclosure.

Financial Highlights

- The assets of the City of Muscatine exceeded its liabilities at the close of the most recent fiscal year by \$133,517,114 (net assets). Of this amount, \$10,284,407 (unrestricted net assets) may be used to meet the government's ongoing obligations to citizens and creditors.
- The City's total net assets increased by \$2,721,567 during the year. Most of this increase is in the governmental activities (\$2,596,655) with the balance (\$124,912) in the business-type activities.
- At the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$12,314,803, an increase of \$4,814,032 in comparison with the prior year. This overall increase is primarily in the general, local option sales tax and capital projects funds. The general fund balance increased by \$1,040,755 due to strong revenue collections as well as expenditures coming in under the budgeted amounts. The local option sales tax fund balance increased by \$1,201,161 with those funds to be used for the West Hill Sewer Separation project. Capital project fund balances increased by \$2,632,885 due to \$4,496,400 in proceeds from the June, 2012 bond issue which funded prior year, current year and future year street improvement projects, construction of a new southend fire station, and levee improvements. Of the ending balance, approximately 11% (\$1,319,935) was nonspendable, 62% (\$7,651,467) was restricted, 2% (\$256,263) was assigned, and 25% (\$3,087,138) was unassigned. Restricted, committed, assigned, and unassigned funds are available for spending within the statutory guidelines pertaining to each fund at the City's discretion.
- At the end of the current fiscal year, the City's unassigned fund balance for the general fund was \$3,319,319, or 21.2% of total general fund expenditures.
- The City's total debt increased by \$2,196,594 (6.6%) during the current fiscal year. During the year \$4,715,000 in new general obligation debt was issued and \$2,198,611 was retired. No new tax increment revenue bonds were issued and \$190,000 was retired. Sewer revenue loans outstanding decreased by \$129,795 during the year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include Public Safety, Public Works, Health and Social Service, Culture and Recreation, Community and Economic Development, General Government, and Interest and Fees on Long-term Debt. The business-type activities of the City include Water Pollution Control, Transfer Station, Refuse Collection, Airport, Parking, Transit, Golf Course, Boat Harbor, Marina, Ambulance, and Public Housing.

The government-wide financial statements include not only the City itself (known as the *primary government*), but also two legally separate entities, Muscatine Power and Water and the Muscatine County Solid Waste Agency for which the City of Muscatine is considered to be financially accountable. Financial information for these two *component units* is reported separately from the financial information presented for the primary government itself. Muscatine Power and Water issues separate financial statements. The Solid Waste Agency does not issue separate financial statements.

The government-wide financial statements can be found on pages 30-31 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. This information is useful in evaluating the City's near-term financing requirements and is typically the basis that is used for developing the next annual budget.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison.

The City has four major governmental funds: the General Fund, the Employee Benefits Fund, the Local Option Sales Tax Fund, and the Debt Service Fund. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and

changes in fund balances for these major funds. Data from all other non-major governmental funds are combined into a single aggregated presentation and are referenced under a single column as Other Governmental Funds. Individual fund data for each of the non-major governmental funds is provided in the form of *combining statements* elsewhere in this report.

The basic governmental fund financial statements can be found on pages 32-35 of this report.

Proprietary funds. The City maintains two different types of proprietary funds. They are the enterprise funds and the internal service funds. While both types of proprietary funds are run in a business-like manner, enterprise funds are included in business-type activities since they serve the entire community, while internal service funds are included in *governmental activities* since they predominantly benefit the City's governmental functions.

Enterprise funds are used to report the functions presented as business-type activities in the government-wide financial statements. The City has eleven (11) enterprise funds. Three of the enterprise funds, the Water Pollution Control Fund, Transfer Station Fund, and Refuse Collection Fund, are considered major funds and are reported individually throughout the report. The other eight (8) non-major enterprise funds are grouped together for reporting purposes and listed under a single heading, Other Enterprise Funds. Detail information for each of the eight (8) non-major enterprise funds is provided in combining statements elsewhere in this report.

Internal service funds are an accounting tool used to accumulate and allocate costs internally among the City's various functions. The City has four internal service funds: Equipment Services, Central Supplies, Health Insurance, and Dental Insurance. Individual fund data for the Internal Service Funds is provided in the form of combining statements in the latter section of this report.

The basic proprietary fund financial statements can be found on pages 36-40 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The City has three fiduciary funds, all of which are maintained as agency funds, with no attempt to create ongoing fund balances.

The basic fiduciary funds financial statement can be found on page 41 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 42-70.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. Required supplementary information includes (1) a budgetary comparison schedule on the aggregate basis for the City's budgeted governmental and proprietary funds, and (2) the schedule of funding progress for the City's other post employment benefits plan.

The combining statements referred to earlier in connection with non-major governmental funds, non-major enterprise funds and internal service funds are presented immediately following the required supplementary information.

Government-wide Financial Analysis

As stated earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the City, assets exceeded liabilities by \$133,517,114 at the close of the fiscal year ended June 30, 2012.

By far the largest portion of the City's net assets (85.7%) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

CITY OF MUSCATINE'S NET ASSETS

	Governmental activities		Business-type activities		Total	
	2012	2011	2012	2011	2012	2011
Current and other assets	\$ 28,512,152	\$ 23,930,732	\$ 9,528,547	\$ 11,133,799	\$ 38,040,699	\$ 35,064,531
Capital assets	66,531,763	65,289,355	81,553,383	81,766,901	148,085,146	147,056,256

Long-term liabilities outstanding	19,795,510	16,675,485	17,451,630	18,236,646	37,247,140	34,912,131
Other liabilities	14,292,189	14,185,041	1,069,402	2,228,068	15,361,591	16,413,109
Total liabilities	34,087,699	30,860,526	18,521,032	20,464,714	52,608,731	51,325,240
Net assets:						
Invested in capital assets, net of related debt	49,843,849	50,534,706	64,583,715	63,959,885	114,427,564	114,494,591
Restricted	8,626,783	4,914,742	178,360	135,331	8,805,143	5,050,073
Unrestricted	2,485,584	2,910,113	7,798,823	8,340,770	10,284,407	11,250,883
Total net assets	\$ 60,956,216	\$ 58,359,561	\$ 72,560,898	\$ 72,435,986	\$ 133,517,114	\$ 130,795,547

A portion of the City's net assets (6.6%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets (\$10,284,407) may be used to meet the City's ongoing obligation to citizens and creditors.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net assets, both for the government as a whole, as well as for its separate governmental and business-type activities. The same situation held true for the prior fiscal year.

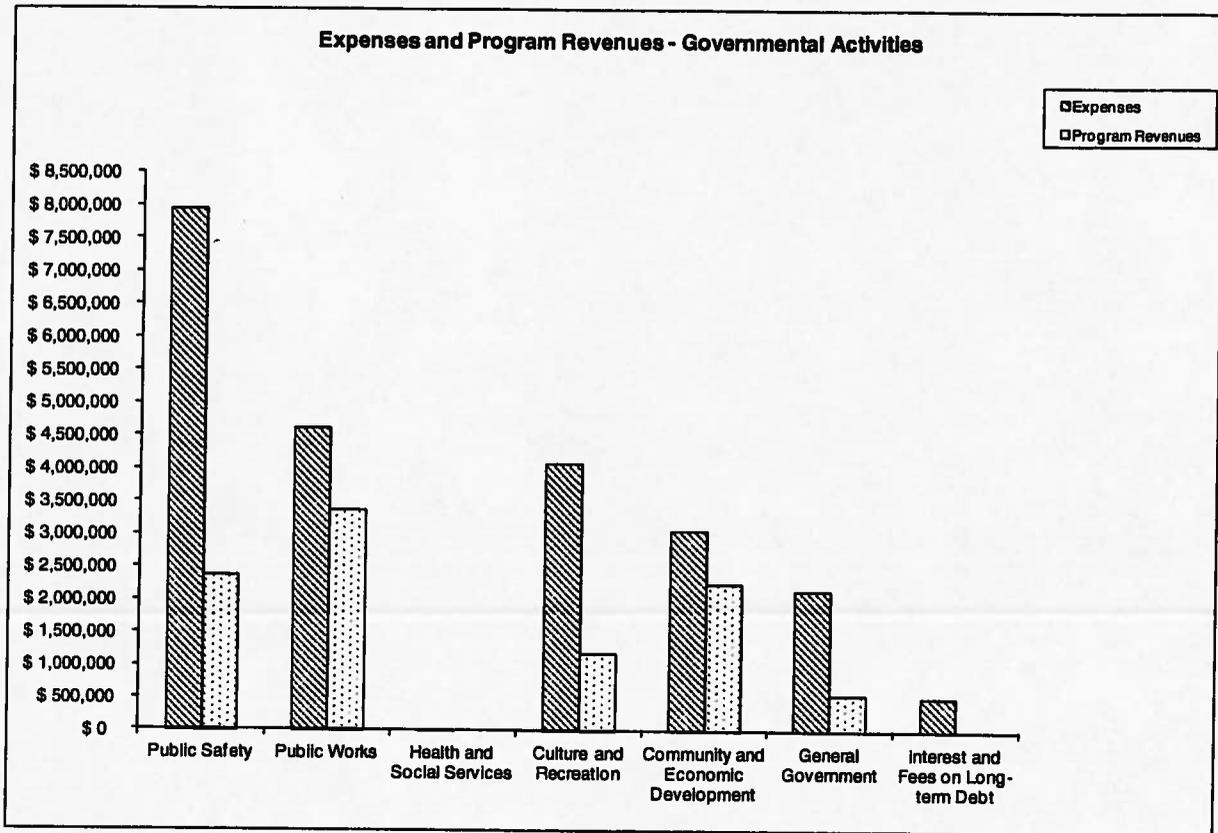

Net assets invested in capital assets net of related debt decreased by \$67,027 during the year. Restricted net assets increased by \$3,755,070. Unrestricted net assets decreased by \$966,476 during the year with \$424,529 of this reduction in the governmental activities and the remaining \$541,947 in business-type activities.

Governmental activities. Governmental activities increased the City's net assets by \$2,596,655. This overall increase was in part due to the increases in the balances of the general and local option sales tax funds. Key elements of the overall increase are as follows:

- Revenues for governmental activities decreased in total by \$518,652 or 2.0% from the previous year primarily due to the decrease of \$2,000,364 in capital grants and contributions. This decrease was partially offset by increases in charges for services, operating grants and contributions, and property taxes.
- Charges for services for governmental activities increased by \$1,119,423. Charges for services in the public safety function increased by \$699,551 with \$620,354 of this increase due to revenue from automatic traffic enforcement (ATE) fines and \$14,370 from increased court fines. The ATE cameras became operational in the spring of 2011 and 2011/2012 was the first full fiscal year of their operation. Charges for services in the public works function increased by \$372,477 and culture and recreation charges increased by \$66,903. These increases offset the decreases of \$3,657 in the community and economic development and \$15,851 in the general government functions.
- Operating grants and contributions for governmental activities increased by \$53,830 primarily due to an increase in police grants.
- Capital grants and contributions decreased by \$2,000,364 from the previous year. This overall decrease was primarily due to an art collection donated to the Muscatine Art Center (\$2,153,000) in the 2010/2011 year.
- Property taxes increased by \$382,568 during the year or 3.1%.
- Local option sales taxes increased by \$9,735 or .4% during the year.
- Hotel/motel taxes decreased by \$15,893 or 4.4%.
- Revenues from the 2% utility franchise fee on the provider of natural gas in the community decreased by \$57,455 or 25.2% due to the mild winter of 2011/2012.
- Unrestricted investment earnings decreased by \$6,120 or 27.5% during the year due to the continued low interest rates.
- Expenses for governmental activities decreased by \$911,783 or 3.9% from the previous year. Prior year expenses included a \$1,274,415 one-time payment to the Army Corps of Engineers for the City's share of the Mad Creek Levee improvement project.
- Governmental expenses increased in the public safety (\$702,425), culture and recreation (\$80,594), and general government (\$40,658) functions. There were decreases in the public works (\$1,501,105) and community and economic development (\$168,557) functions. Interest and fee expenses also decreased by \$65,798.

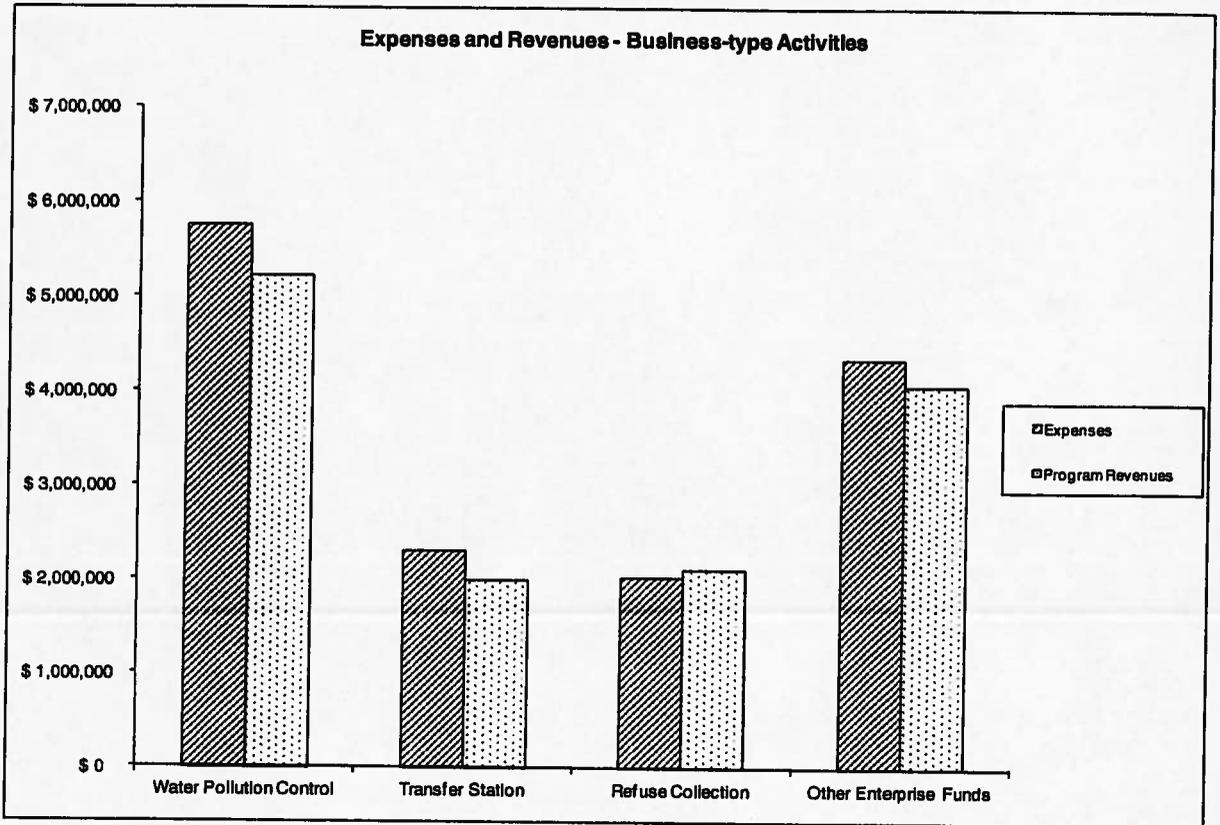

Revenues By Source - Governmental Activities

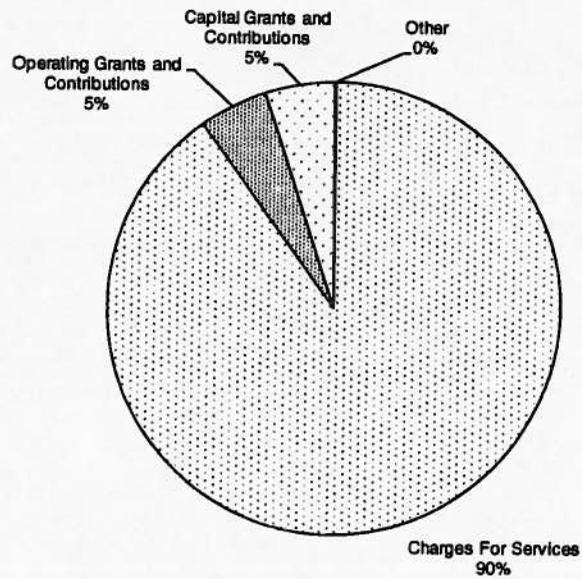

Business-type activities. Business-type activities increased the City's total net assets by \$124,912, accounting for 4.6% of the total increase in the City of Muscatine's net assets during the year. Increases in net assets were reported in the Water Pollution Control, Transfer Station, Refuse Collection, Airport, Golf Course, Boat Harbor, and Marina funds. Decreases in net assets were reported in the Parking, Transit, Ambulance, and Public Housing funds. Key elements of these changes are as follows:

- Net assets of the Water Pollution Control fund increased by \$292,468 during the year primarily due to capital asset additions. Transfers from the Local Option Sales Tax fund funded \$884,159 of sewer-related capital project costs during the year.
- Net assets of the Transfer Station fund increased by \$470,612 during the year. This increase includes a \$50,000 transfer from the Refuse Collection fund to reduce the operating deficit in this fund. During the year there was also a \$725,670 transfer from the debt service fund to fund the Transfer Station debt requirements for the year.
- Net assets of the Refuse Collection fund increased by \$44,004 during the year.
- Revenues for the business-type activities increased in total by \$571,313 (4.5%).
- Charges for services increased in total by \$542,254. Water Pollution Control Plant charges for services increased by \$198,673 and refuse collection charges increased by \$149,053 due to rate increases. Transfer Station charges for services increased by \$152,372 due to increased waste volume at this facility. Golf fees and charges increased by \$100,563 and Boat Harbor fees and charges increased by \$12,476, both due to favorable weather conditions. Public housing charges increased by \$98,570 during the year due to increased rents and other tenant charges.
- Operating grants and contributions decreased by \$265,671. Public housing operating grants decreased by \$279,143 due to changes in the federal housing program operating subsidy calculation.
- Capital grants and contributions increased by \$312,303. Airport capital grants increased by \$131,799 and grant funding for sewer projects increased by \$181,257. Unrestricted interest earnings decreased by \$6,357 due to the continued low interest rates.
- Expenses for the business-type activities increased \$1,096,196 (8.2%). Expenses increased by \$673,447 in the Water Pollution Control fund, by \$128,001 in the Transfer Station fund, \$188,439 in the Refuse Collection fund, by \$60,676 in the Transit fund, by \$53,830 in the Golf Course fund, by \$1,995 in the Boat Harbor fund, by \$6,705 in the Marina fund, by \$46,521 in the Ambulance fund, and by \$43,794 in the Public Housing fund. Expenses decreased by \$104,035 in the Airport fund and \$3,177 in the Parking fund.

Revenues By Source - Business-type Activities

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$12,314,803, an increase of \$4,814,032 in comparison with the prior year. This increase was primarily due to the \$1,040,755 increase in fund balance in the General fund, a \$1,201,161 increase in the local option sales tax fund, and a \$2,632,885 increase in fund balance in the capital projects funds. The general fund balance increase was due to strong revenue collections as well as expenditures coming in under the budgeted amounts. The local option fund balance increase was a planned increase to accumulate funds for a major sewer separation project. Capital project fund balances increased due to \$4,496,400 in bond proceeds from the June, 2012 issue which funded prior year, current year, and future year street improvement projects, construction of a new fire station, and levee improvements.

Of the combined \$12,314,803 governmental fund balances at year end 10.7% (\$1,319,935) is classified as nonspendable and includes prepaid items, advances to other funds, and permanent fund principal. A total of \$7,651,467 (62.1%) is classified as restricted by grantors, state or federal laws, or enabling legislation. Assigned fund balances total \$256,263 (2.1%) with these funds assigned for purchases on order, future equipment purchases, and risk management. The remaining \$3,087,138 is classified as unassigned (25.1%). By definition unassigned balances include all deficit balances. The Community Development Improvements and Riverfront Improvements capital projects funds had unassigned fund balance deficits at year end of \$14,546 and \$246,085, respectively. These deficits will be eliminated with future year revenues.

The general fund is the chief operating fund of the City of Muscatine. At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$3,319,319, while the total fund balance was \$3,580,803. The General Fund balance includes \$5,221 classified as nonspendable for prepayments. The assigned portion of the balance totals \$256,263 which includes \$50,157 for purchases on order, \$145,564 for future equipment purchases, and \$60,542 for risk management. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. The unassigned and total general fund balances at the end of the fiscal year represent 21.2% and 22.9%, respectively, of total general fund expenditures. These percentages increased favorably from the prior year computation of unassigned and total fund balances of 14.3% and 17.0%, respectively. The City' of Muscatine's general fund balance increased by \$1,040,755 during the current fiscal year.

The Employee Benefits fund balance increased during the year by \$16,054. Taxes are levied in this fund for employee benefits for general fund employees. The increase in fund balance during the year is due to savings in employee benefits due to vacancies during the year.

The Local Option Sales Tax fund balance increased during the fiscal year by \$1,201,161. These funds are being accumulated to fund the West Hill Sewer Separation project.

The Debt Service Fund balance decreased \$5,136 due to the budgeted use of prior year excess bond proceeds.

The fund balances in the Other Governmental Funds increased in total by \$2,561,198. This was primarily due to the increase in the capital projects fund balance of \$2,632,885, which was due to the \$4,496,400 general obligation bond issue in June of 2012.

Proprietary funds. The City of Muscatine's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Total net assets for the City's enterprise funds as of June 30, 2012 was \$72,474,035, an increase of \$114,711 from the previous fiscal year. Of the net assets of the enterprise funds, \$64,583,715 is invested in capital assets, net of related debt. Restricted net assets totaled \$178,360. Unrestricted net assets totaled \$7,711,960, a decrease of \$552,148 compared to the previous year.

The City's internal service funds include Equipment Services, Central Supplies, Health Insurance, and Dental Insurance. Net assets for the internal service funds totaled \$1,715,360 as of June 30, 2012, a decrease of \$16,167 from the previous year. This overall decrease was due to decreases in the Equipment Services and Dental Insurance funds.

General Fund Budgetary Highlights

During the year there was a \$282,036 increase in General Fund appropriations between the original General Fund budget and the final amended budget. Budgeted revenues and transfers in to the General Fund increased by \$710,345 from the original to the amended budget. Following are the main components of the overall budget increases during the year:

- The \$204,700 increase in the public safety function budget included \$46,000 in the police department, \$150,300 in the fire department, and \$8,400 for emergency management. The increase in the police budget was primarily due to the department being awarded a three-year U.S. Department of Justice COPS grant to fund 100% of the cost of two new police officers. This grant was effective midway through the fiscal year. The increase in the fire department budget included \$92,900 for major repairs to the aerial ladder truck and \$50,000 for increased overtime due to military leave, light duty, and other employee leaves of absences.
- The culture and recreation function increased in total by \$59,600. This overall increase includes increases totaling \$45,200 in the various Parks department budgets with the most significant increases for increased maintenance costs at the cemetery and increased maintenance and operating costs at the Aquatic Center. The Art Center budget was increased by \$14,400 due to a State Cultural Affairs grant in that amount awarded after the original budget was adopted.
- The community and economic development function appropriation was increased by \$22,500 for the year due to increases in the Community Development budget. Amendments included increased personnel costs to allow for training time for new inspectors that replaced individuals retiring during the year, increased fuel costs, and increased funding for contracted nuisance abatement costs.
- Public works department expenditures were amended downward in total by \$12,200 with this decrease primarily in the street cleaning activity.

- The amended budget included a \$9,200 increase in the general government function expenditures. Increases in the Legal Services (\$5,000) and Human Resources (\$16,800) budgets were partially offset by a decrease in the Building and Ground budget (\$12,100).

Capital Asset and Debt Administration

Capital assets. The City of Muscatine's investment in capital assets for its governmental and business-type activities as of June 30, 2012, amounts to \$148,085,146 (net of accumulated depreciation). This investment in capital assets includes land, buildings and building improvements, machinery and equipment, park facilities, streets, and bridges. The City of Muscatine's investment in capital assets for the current fiscal year increased by \$1,242,408 for governmental activities compared to the prior year and decreased by \$213,518 for business-type activities.

Major capital asset events during the current fiscal year included the following:

- Additions to capital assets (net of asset retirements) totaled \$6,922,952.
- Major asset additions included \$2,157,836 for street improvements; \$481,156 for trail projects; \$749,408 for the Water Pollution Control Plant Comprehensive Facilities Improvement project; \$1,334,868 in sewer system improvements; \$1,070,373 for the new Southend Fire Station; and \$426,524 for Airport improvements.
- Depreciation expense totaled \$6,624,793 for the year with \$3,208,413 in the governmental activities and \$3,416,380 in the business-type activities.

City of Muscatine Capital Assets (Net of Depreciation)

	Governmental activities		Business-type activities		Total	
	2012	2011	2012	2011	2012	2011
Land, art work and construction in progress, not being depreciated	\$ 20,734,527	\$ 17,642,829	\$ 4,524,371	\$ 26,227,553	\$ 25,258,898	\$ 43,870,382
Other capital assets net of accumulated depreciation	45,797,236	47,646,526	77,029,012	55,539,348	122,826,248	103,185,874
Total capital assets	\$ 66,531,763	\$ 65,289,355	\$ 81,553,383	\$ 81,766,901	\$ 148,085,146	\$ 147,056,256

Additional information on the City of Muscatine's capital assets can be found in note 5 on pages 55-57 of this report.

Long-term debt. At the end of the current fiscal year, the City had total bonded debt outstanding of \$35,286,757. Of this amount, \$18,667,192 is debt backed by the full faith and credit of the City. Of this amount \$1,490,103 is debt that serves enterprise funds and therefore is reflected as debt of the respective enterprise funds with the remainder of the general obligation bonds \$17,177,089 reflected as debt of the governmental activities. The remainder of the City of Muscatine's debt represents revenue bonds secured solely by specific revenue sources.

City of Muscatine Outstanding Debt
General Obligation and Revenue Bonds

	Governmental activities		Business-type activities		Total	
	2012	2011	2012	2011	2012	2011
General obligation bonds	\$ 17,177,089	\$ 13,953,147	\$ 1,490,103	\$ 2,197,656	\$ 18,667,192	\$ 16,150,803
Revenue bonds	1,140,000	1,330,000	15,479,565	15,609,360	16,619,565	16,939,360
Total	\$ 18,317,089	\$ 15,283,147	\$ 16,969,668	\$ 17,807,016	\$ 35,286,757	\$ 33,090,163

The City's total bonded debt increased by \$2,196,594 during the year. The City issued \$4,715,000 in new general obligation bonds in 2011/2012 and issued \$412,205 in new sewer revenue debt. Debt retired included \$2,235,000 in general obligation bonds, \$190,000 of tax increment revenue bonds, and \$542,000 in sewer revenue bonds.

State statutes limit the amount of general obligation debt to 5% of the total actual valuation of property in the City of Muscatine. The current debt limit of the City of Muscatine is \$60,567,395. The amount of debt applicable to the debt limit totals \$19,845,000. The City's debt is significantly less than the maximum debt limit allowed.

The City was assigned an Aa2 rating from Moody's for the City's general obligation debt issue in June of 2012. This rating was assigned using Moody's new rating scale and is the same rating as that assigned for the June, 2010 bond issue.

Additional information on the City's long-term debt can be found in note 6 on pages 58-62 of this report.

Economic Factors and Next Year's Budgets and Rates

- The unemployment rate for Muscatine County was 6.4% for calendar year 2011 compared to 7.6% the previous year. Separate unemployment figures are not maintained for the City of Muscatine.
- The City's taxable value increased by 2.6% for the 2011/2012 year and increased by 2.8% for the upcoming 2012/2013 fiscal year.
- The upcoming budget provides funding for capital improvement projects to continue. Local option sales tax funds will continue to be used to fund sanitary and storm sewer projects in the City (80%) and also ongoing costs of the City's pavement management program (20%).
- In 2012/2013 the City will continue the ongoing maintenance portion of the Comprehensive Pavement Management Program. Prior year funding allocations totaling over \$5 million were used to complete the initial upgrade of the City's streets. Annual allocations to maintain streets at this higher level will be funded from the 20% allocation of local option sales tax.
- In 2007 the City signed a Consent Order with the Environmental Protection Agency (E.P.A.) which requires the City to complete specific major sewer separation projects by 2024. The West Hill Sewer Separation project is the remaining project mandated by this Consent Order. This is a multi-year, multi-phase project estimated to reach or exceed \$50 million in total costs. The City recently received notification that our request to extend the completion deadline to 2028 was approved by the E.P.A. Local option sales tax funds will fund a significant portion of the cost of

this project. The local option sales tax funds, however, will need to be supplemented with future sewer revenue bonds or other funds to complete the financing for this project. The City is setting aside annual allocations from the Water Pollution Control fund operating budget so these funds will be available to assist with financing this project.

- The 2012/2013 budget provides for increases in sewer fees and golf fees were increased for the 2012 golfing season. No fee increases are budgeted for the transfer station, refuse collection, parking, boat harbor, airport, or transit.

Requests for Information

This financial report is designed to provide a general overview of the City of Muscatine's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Director, 215 Sycamore Street, Muscatine, Iowa, 52761.

Reconciliation of Governmental Funds Balance Sheet
to the Statement of Net Assets
June 30, 2012

Total governmental fund balances	\$ 12,314,803
Amounts reported for governmental activities in the statement of net assets are different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	66,517,385
Other long-term assets are not available to pay for current period expenditures and, therefore are deferred in the funds.	134,809
Unamortized balance of deferred charge for bond issuance costs not reported in the funds	148,003
Internal service funds are used by management to charge the costs of equipment services, central supplies and health insurance to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets.	1,715,360
Internal service fund allocations to business-type activities	(86,863)
Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds:	
Bonds payable	(18,317,089)
Accrued interest payable	(42,427)
Compensated absences	(1,201,748)
Other post-employment benefits	(226,017)
Net assets of governmental activities	<u>\$ 60,956,216</u>

City of Muscatine, Iowa

**Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Statement of Activities**

Year Ended June 30, 2012

Net change in fund balances - total governmental funds \$ 4,814,032

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the estimated useful lives of the assets:

Capital asset purchases capitalized	4,453,802
Depreciation expense	(3,206,354)

The net effect of various miscellaneous transactions involving capital assets (i.e. sales, trade-ins, and donations) is to increase net assets:

Loss on disposal of capital assets	(16,123)
------------------------------------	----------

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

67,985

Revenues in the governmental funds not reflected as revenue in the statement of activities since recognized in prior years

(420,740)

The issuance of long-term debt (i.e. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities:

General obligation bond proceeds	(4,496,400)
General obligation refunding bond proceeds	(218,600)
General obligation bond principal payments	1,485,000
Tax increment bond principal payments	190,000
Net effects of bond issuance costs, premiums and discounts	46,748

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds:

Change in compensated absences	35,136
Other post-employment benefits	(114,130)
Change in accrued interest payable	2,667

Internal service funds are used by management to charge the costs of equipment services, central office supplies, health and dental insurance to individual funds. The net revenue (expense) of internal service funds is allocated between governmental and business-type activities in the Statement of Activities:

Net revenue (expense) of internal service funds	(16,167)
Allocation of net revenue (expense) to business-type activities	(10,201)

Change in net assets of governmental activities

\$ 2,596,655

The notes to the financial statements are an integral part of this statement.

CITY OF MUSCATINE, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2012

The notes to the financial statements contain a summary of significant accounting policies and other information considered necessary for an understanding of the financial statements of the City and are an integral part of this report. The index to the notes is as follows:

1. Summary of Significant Accounting Policies
2. Deposits and Investments
3. Interfund Receivables, Payables, and Transfers
4. Restricted Assets
5. Capital Assets
6. Long-Term Debt
7. Landfill Closure and Postclosure Care Cost
8. Retirement Systems
9. Deficit Fund Equity
10. Other Post Employment Health and Dental Care Benefits (OPEB)
11. Industrial Revenue Bonds
12. Risk Management
13. Commitments and Contingencies
14. New Governmental Accounting Standards Board (GASB) Standards

CITY OF MUSCATINE, IOWA
NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The City of Muscatine, Iowa, was chartered in 1851 under the laws of the state of Iowa, later amended in July 1975 under the Home Rule City Act. The City operates under a Mayor/Council/City Administrator form of government and provides a broad range of services to its citizens, including general government, public safety, public works, community development, and cultural and park facilities. The City also operates an airport, parking facilities, public housing facilities, transit system, sewer and sanitation utilities, a municipal golf course, public library, and a municipal museum and art center.

As required by accounting principles generally accepted in the United States of America, these financial statements present the City of Muscatine and its component units, entities for which the City is considered to be financially accountable. The City has no blended component units. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize it is legally separate from the City.

Discretely Presented Component Units

Muscatine County Solid Waste Agency (Agency). The Agency has been organized as a joint venture under Chapter 28E of the Code of Iowa between the City of Muscatine; Muscatine County; and the municipalities of Fruitland, Stockton, West Liberty, Nichols, Conesville and Atalissa, Iowa. The Agency is responsible for the disposal of all solid waste for member municipalities and unincorporated portions of Muscatine County.

The City of Muscatine appoints a representative to the Agency's governing board whose vote (based on the City's population) accounts for 56% of the board's voting authority. A two-thirds vote is required for board action; therefore, the City does not appoint a voting majority of the Agency's governing board. Nonetheless, the Agency is considered a component unit of the City because of its fiscal dependence on the City. The City Council approves the Agency's budget, sets its rates, and approves any debt issuances.

The Agency has a June 30 year-end. Separate financial statements are not issued for the Agency, and the Agency accounts for all of its financial transactions in a single fund.

Muscatine Power & Water (MP&W). MP&W is a municipal utility which provides water, electric, and communication service to users within the City of Muscatine and in other urban and rural areas within Muscatine County. MP&W's governing board is appointed by the Mayor and approved by the City Council. MP&W provides a financial benefit to the City by providing electricity for City buildings and all street and traffic lighting free of charge to the City.

MP&W has a December 31 year-end. Complete financial statements for MP&W may be obtained at its administrative offices at Muscatine Power & Water, 3205 Cedar Street, Muscatine, Iowa 52761.

Joint Venture

The City is a member organization along with Muscatine County and Muscatine Power and Water in a joint venture organized under Chapter 28E of the Iowa Code to develop and operate the Muscatine Area Geographic Information Consortium (MAGIC). The purpose of MAGIC is to improve the efficiency and effectiveness of its member organizations through the coordinated development of geographic and land information systems technology and data. A six-member board composed of two appointees from each member organization governs MAGIC. Each member organization has one vote on all matters. Each member organization is responsible for one-third of the operating expenses incurred by MAGIC. In the event MAGIC is terminated, the material benefits realized from the liquidation of any and all of its assets shall be divided among the participating organizations on a pro rata basis after any and all claims against MAGIC have been satisfied. The intent of the organization is not to accumulate excess funds and based upon the balance at year end the future contributions are adjusted accordingly. In accordance with the Governmental Accounting Standards Board's *Codification*, a claim to assets upon the joint venture's dissolution is not considered to be an equity interest. Therefore no investment in the joint venture is reported on the face of the financial statements of the City. There are no separately issued financial statements for this joint venture.

Jointly Governed Organizations

The City also participates in several jointly governed organizations that provide goods or services to the citizenry of the City but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. City officials are members of the following boards and commissions: Muscatine County Joint Communications Commission; Muscatine County/Municipal Disaster Services Board; Crossroads Workshop Board; Muscatine Island Flood Control Commission; Muscatine County Assessor's Conference Board; and Muscatine County Drug Task Force.

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The Statement of Net Assets presents the City's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories.

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

Restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets not meeting the definition of the two preceding categories. Unrestricted net assets often have constraints on resources imposed by management which can be removed or modified.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants, contributions and interest that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements, other than agency funds. Agency funds use the full accrual basis of accounting but do not have a measurement focus and therefore report only assets and liabilities. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers property tax revenues to be available if they are collected within 60 days of the end of the current fiscal period and all other revenues to be available if they are collected within 90 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. The City has determined that there are various revenues, except for property tax revenues, including reimbursement of expenditures that are received between 60 and 90 days and therefore have adopted a 90 day availability period in order to keep the revenues and expenditures in the same current period. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes are recognized as revenue in the year for which taxes have been levied, provided they are collected within 60 days after year-end. Sales taxes are considered measurable and available at the time the underlying transaction occurs provided they are collected within 90 days after year-end. Income and other taxes are considered measurable and available when they have been collected by the state or other levying authority. Special assessments receivable are recognized at the time of their levy. The related revenue is recognized at the time the assessment is due or collected. Licenses and permits, fines and forfeitures and miscellaneous revenue are recognized as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recognized as earned.

The government reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *employee benefits fund* accounts for property taxes levied for police and fire retirement contributions, FICA and IPERS, and other employee benefits, as provided in Section 384.6 of the Code of Iowa.

The *local option sales tax fund* accounts for revenue from the 1% local option tax. Effective July 1, 2009, voters approved using up to 20% of future local option tax for the City's pavement management program with the remaining funds to be used for storm and sanitary sewer improvements.

The *debt service fund* accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

The government reports the following major proprietary funds:

The *water pollution control fund* accounts for the operation of a municipally owned sewer treatment plant which provides services to the City. All activities necessary for such services are provided for in this fund as well as plant and various sewer system improvement projects.

The *transfer station fund* accounts for the operation of the refuse transfer station and recycling center.

The *refuse collection fund* accounts for the collection of solid waste from residential property in the City as well as from some commercial customers.

Additionally, the government reports the following fund types:

Internal service funds account for equipment services, central supply distribution, and employee health and dental benefits provided to other departments of the government on a cost reimbursement basis.

Fiduciary fund types are used to account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. Following is the City's fiduciary fund type:

Agency funds function to account for assets held by the City as an agent for payroll processing, housing programs, and miscellaneous other entities.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's sewer and transfer station functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds and of the government's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, and then unrestricted resources as they are needed.

D. Assets, Liabilities and Equity

1. Deposits and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

State statute authorizes the City, the Agency, and MP&W to invest public funds in obligations of the United States government and its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the City Council; prime eligible bankers acceptances; certain high-rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The City is authorized by the City Council to invest in obligations of the United States government and its agencies and instrumentalities; in certificates of deposit or other evidences of deposit at federally insured depository institutions; and investments in joint investment trusts authorized by resolution of the City Council.

Investments of the City, the Agency, and Muscatine Power & Water are stated at fair value with the exception of the investment in the Iowa Public Agency Investment Trust which is stated at amortized cost, which approximates fair value.

2. Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "advances to/from other funds" to indicate the non-current nature of the interfund loans. All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance nonspendable amount in applicable governmental funds to indicate they are not available for appropriation and are not available financial resources.

The County Treasurer bills and collects taxes for the City. Taxes for the year ended June 30, 2012, were certified with the County during the preceding fiscal year and were due in two equal installments by September 30, 2011 and March 31, 2012. Any County collections on the 2011-2012 tax levy remitted to the City within sixty days subsequent to June 30, 2012, are recorded as property tax revenues in the governmental fund statements. Taxes not collected and remitted to the City within sixty days subsequent to June 30, 2012, are delinquent and have been recorded as receivables and deferred revenue in the governmental fund statements. By statute, the city is required to certify its budget in March of each year for the subsequent fiscal year. However, by statute, the tax askings and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred and will not be recognized as revenue until the year for which it is levied in both the governmental fund statements and the government-wide statements.

3. Inventories and Prepaid Items

Inventories of proprietary funds are recorded as expenditures when consumed rather than when purchased. The City's inventories are valued at cost using the first-in/first-out (FIFO) method. MP&W's inventories are valued at their weighted average cost.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

4. Restricted Assets

Restricted assets of the Transfer Station fund represents amounts set aside under law to provide for Transfer Station closure costs.

Restricted assets of the Water Pollution Control fund represents amounts set aside as required under the State Revolving Fund loan to pay interest and principal of the bonds and any parity obligations.

Restricted assets of the Muscatine County Solid Waste Agency represent amounts set aside under law to provide for the cost of future landfill closure and post-closure costs.

Restricted assets of Muscatine Power & Water represent amounts set aside under the terms of the bond resolutions relating to the utility's revenue bonds or by the Board.

5. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide statement of net assets and in the proprietary funds statement of net assets. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of assets constructed. Capitalized interest was \$113,475 in the Water Pollution Control fund.

Property, plant, and equipment of the primary government, as well as the component units, is depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Land improvements	10-50
Buildings	15-40
Building improvements	5-40
Equipment	4-20
Vehicles	4-15
Sewer system	50
Infrastructure	7-75

MP&W's utility plant is stated at original cost, which includes the cost of contracted services, material, labor, overhead, and on significant projects, an allowance for borrowed funds used during construction.

6. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. Vacation pay is payable to employees upon retirement or termination. Sick pay is payable upon retirement, in which event employees are paid for 40% of all eligible hours. Beginning July 1, 2000, retirement sick pay for non-union employees is paid to a post-employment health plan to be used for health care cost of the retirees. Beginning July 1, 2001, retirement sick pay for Fire bargaining unit and Blue/White Collar bargaining unit employees is also paid to the post employment health plan. A liability for those amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

7. Intangible Asset

On January 3, 2003, MP&W acquired a cable television system and the related assets serving subscribers in and around the cities of Muscatine and Fruitland, Iowa at a price of \$9 million. Of this amount, \$7.7 million was considered an intangible asset and is being amortized over 10 years, ending in 2012.

8. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest rate method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

9. Fund Equity

In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable – Amounts which cannot be spent either because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted – Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors, state or federal laws, or imposed by law through constitutional provisions or enabling legislation.

Committed – Amounts which can be used only for specific purposes pursuant to constraints formally imposed by the City Council through ordinance or resolution approved prior to year end. Those committed amounts cannot be used for any other purpose unless the City Council removes or changes the specified use by taking the same action it employed to commit those amounts.

Assigned – Amounts constrained by the City's intent to use them for a specific purpose. The authority to assign fund balance has been delegated by City Council to the Finance Director.

Unassigned – All amounts not included in other spendable classifications. The General fund is the only fund that would report a positive amount in unassigned fund balance.

When an expenditure is incurred in governmental funds which can be paid using either restricted or unrestricted resources, the City policy is to pay the expenditure from restricted fund balance and then from less-restrictive classifications – committed, assigned, then unassigned.

10. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net assets invested in capital assets, net of related debt excludes unspent bond proceeds. As of June 30, 2012, there were unspent bond proceeds totaling \$1,629,175 in the non-major Capital Projects funds. Net assets are reported as restricted when

there are limitations imposed on their use through enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

Net assets restricted through enabling legislation consists of \$3,429,393 for public works, \$164,258 for employee benefits, \$2,778 for public safety, and \$1,171,982 for tax increment financing projects.

The City first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

NOTE 2. DEPOSITS AND INVESTMENTS

The deposits and investments of the Solid Waste Agency are pooled with those of the City. Disclosures referring to deposits and investments of the City include the pooled amounts belonging to the Agency.

As of June 30, 2012, the deposits and investments of the City consist of the following:

Petty cash and undeposited cash	\$ 48,672
Cash in bank	20,837
Savings accounts	43,976
Money market accounts	15,116,119
Iowa Public Agency Investment Trust	4,404,292
Certificates of deposit	<u>1,352,000</u>
	<u>\$ 20,985,896</u>

The City invests in the Diversified portfolio of the Iowa Public Agency Investment Trust (IPAIT). IPAIT was created pursuant to Iowa Code Chapter 28E in 1987 to enable eligible Iowa public agencies to safely and effectively invest their available operating and reserve funds. The Diversified portfolio has followed established money market mutual fund investment parameters designed to maintain a \$1 per unit net asset value since inception and was registered with the Securities and Exchange Commission (SEC) in accordance with 17 C.F.R. Section 270.2a-7 in May 1993. The Diversified Fund was among the first local government investment pools in the country to do so and has been formally regulated by the SEC since that time. The City has investments in IPAIT which were valued at an amortized cost of \$4,404,292 pursuant to Rule 2 a-7 under the Investment Company Act of 1940.

Interest rate risk – The City’s investment policy limits the investment of operating funds (funds expected to be expended in the current budget year or within 15 months of receipt) in instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days but the maturities shall be consistent with the needs and use of the City.

Credit risk – The City’s investment policy provides that City funds may be invested in interest bearing money market accounts, interest bearing checking accounts, and certificates of deposit at any approved bank in the City of Muscatine. Approved banks must be on the list of banks approved for public investments by the Treasurer of the State of Iowa and investments must be entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. City funds may also be invested in obligations of the United States government, its agencies and instrumentalities, and in the Iowa Public Agency Investment Trust (IPAIT). The City’s investment in IPAIT is unrated.

Concentration of credit risk – The City’s investment policy is to diversify its investment portfolio. Assets shall be diversified, where possible, to eliminate the risk of loss resulting from over concentration of assets in a specific maturity, a specific issuer, or a specific class of securities.

Custodial credit risk – deposits – In the case of deposits, this is the risk that in the event of a bank failure, the government’s deposits may not be returned to it. As of June 30, 2012 the carrying amount of the City's deposits with financial institutions totaled \$16,532,932 and the bank balances were \$16,652,899. These bank balances were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

Custodial credit risk – investments – For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City had no custodially-held investments during the year.

As of December 31, 2011 MP&W's deposits and investments consist primarily of U.S. agency securities, and certificates of deposit as follows:

	<u>Fair Value</u>
Cash	\$ 11,692,210
Certificates of deposit	3,960,251
U.S. agency securities	<u>916,621</u>
	<u>\$ 16,569,082</u>

As of December 31, 2011 the carrying amount of MP&W's deposits with financial institutions totaled \$11,689,575, and the bank balances were \$12,192,135. These bank balances were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

It is the policy of Muscatine Power & Water to maintain all deposits and investments within category one in accordance with GASB No. 3 which includes authorized investment vehicles that are insured or registered or which are collateralized by or evidenced by securities held by the utility or its agent in the utility’s name.

Credit Risk

As of December 31, 2011, Muscatine Power & Water’s investments were rated as follows:

<i>Investment Type</i>	<i>Standard & Poor's</i>	<i>Moody's</i>
US agencies	A+	Aaa

It is the policy of Muscatine Power & Water to have securities held by the utility or a third party custodian and rated within the highest or second highest rating category of a nationally recognized rating agency.

Concentration of Credit Risk

At December 31, 2011, Muscatine Power & Water investments held with issuers, each totaling more than 5 percent of the total portfolio, were concentrated as follows:

<i>Issuer</i>	<i>% of Portfolio</i>
FNMA	25.1%
Federal Home Loan Mortgage Corp.	59.4%
GNMA	15.5%

It is the policy of Muscatine Power & Water to diversify its investment portfolio. Assets are diversified to eliminate the risk of loss resulting from over-concentration of assets in a specific maturity, a specific issuer, or a specific class of securities.

Interest Rate Risk

Interest rate risk is the risk changes in interest rates will adversely affect the fair value of an investment. At December 31, 2011, Muscatine Power & Water's investments were as follows:

<i>Investment Type</i>	<i>Maturity In Years</i>			
	<i>Fair Value</i>	<i>Less than 1 Year</i>	<i>1-5 Years</i>	<i>Greater than 5 Years</i>
U.S. agencies	\$ 916,621	\$ 0	\$ 16,357	\$ 900,624

Muscatine Power & Water's investment policy addresses maturity limitations by requiring operating funds to be invested in instruments that mature within 397 days. Non-operating funds may be invested in instruments with maturities longer than 397 days as long as the maturities are consistent with the needs and use of the utility. One of the investment policy's primary objectives is to maintain the necessary liquidity to match expected liabilities.

NOTE 3. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Interfund balances at June 30, 2012 consist of the following:

		<i>Due from/advance to</i>					
		<i>Nonmajor Governmental</i>	<i>Transfer Station</i>	<i>Nonmajor Enterprise</i>	<i>Internal Service</i>	<i>Fiduciary</i>	<i>Totals</i>
<i>Due to/Advance from</i>	Nonmajor governmental	\$ 355,457	\$ -	\$ -	\$ -	\$ -	\$ 355,457
	Water pollution control	-	809,434	10,007	-	-	819,441
	Nonmajor enterprise	-	-	526	-	-	526
	Internal service	-	-	-	1,199	-	1,199
	Fiduciary	-	-	-	-	52,641	52,641
	Total	\$ 355,457	\$ 809,434	\$ 10,533	\$ 1,199	\$ 52,641	\$ 1,229,264

The \$809,434 balance due from the Transfer Station is the result of a loan for working capital needs resulting from amounts in accounts receivable at year end and reduced waste volumes being received at this facility. It is not expected that this amount will be eliminated in the subsequent year. The remaining balances result from (1) working capital for inventory in the enterprise and internal service funds, and (2) the time lag of receipts into the various funds.

In addition, the City has a loan to Muscatine County Solid Waste Agency, a discretely presented component unit of \$1,455,642 as of June 30, 2012. The loan is for capital costs including costs for the development of new cells for disposal of waste at the landfill. The new cells are expected to have a remaining capacity of 202,000 tons of waste or 5.5 years of use based on projected annual waste volumes.

Interfund transfers for the year are as follows:

		Transfers from									
		General	Employee Benefits	Local Option Sales Tax	Debt Service	Nonmajor Governmental	Water Pollution Control	Refuse Collection	Nonmajor Enterprise	Internal Service	Totals
Transfers to	General	\$ -	\$ 3,084,817	\$ -	\$ -	\$ 2,117,324	\$ -	\$ -	\$ 786,300	\$ 48,034	\$ 6,036,475
	Debt service	-	-	-	-	70,225	-	-	-	-	70,225
	Nonmajor governmental	76,346	-	572,953	-	260,189	57,698	-	65,277	-	1,032,463
	Water pollution control	-	-	884,159	-	-	-	-	-	-	884,159
	Transfer station	-	-	-	725,670	-	-	50,000	-	-	775,670
	Nonmajor enterprise	358,476	-	-	-	85,273	-	-	-	-	443,749
Total		\$ 434,822	\$ 3,084,817	\$ 1,457,112	\$ 725,670	\$ 2,533,011	\$ 57,698	\$ 50,000	\$ 851,577	\$ 48,034	\$ 9,242,741

Transfers are used to move revenues from the fund that State statutes or the budget requires them to be collected in to the fund that State statutes or the budget requires them to be expended.

NOTE 4. RESTRICTED ASSETS

Transfer Station assets of \$38,645 at June 30, 2012 are classified as restricted because their use is restricted to provide for Transfer Station closure costs.

Water Pollution Control assets of \$139,715 at June 30, 2012 are classified as restricted because their use is restricted under the State Revolving Fund loan.

Solid Waste Agency assets of \$1,252,819, at June 30, 2012 are classified as restricted because their use is restricted to provide for the cost of future landfill closure and post-closure costs.

Muscatine Power & Water's restricted assets represent amounts set aside under the terms of the bond resolutions relating to the electric revenue bonds, or under the terms of the communications loan agreement, or by the Board. In accordance with the covenants of the bond resolutions, the amounts have been segregated into various funds or accounts. The extraordinary operation and maintenance account may be used for extraordinary operating expenses and debt service at the discretion of the Board. In accordance with the communications loan agreement, the communications system loan repayment sinking fund is used solely for the purpose of paying the interest on and principal of the bank loans.

The composition of the restricted funds as of December 31, 2011 was as follows:

Current accounts:	
Extraordinary operation and maintenance account	\$ 10,113,336
Communications loan sinking fund	<u>997,802</u>
Total restricted assets	<u>\$ 11,111,138</u>

NOTE 5. CAPITAL ASSETS

NOTE 6. LONG-TERM DEBT

General Obligation Bonds. The general obligation bonds outstanding as of June 30, 2012 total \$18,667,192. These bonds bear interest at rates ranging from .40% to 4.00%. Portions of the general obligation bond issues have been used to acquire or expand the enterprise fund facilities. In some instances, revenue generated by the enterprise funds is used to pay the general obligation debt principal and interest. The liability for those bonds, which are expected to be paid by the enterprise funds, is included in those funds.

General obligation bonds as of June 30, 2012 consist of the following individual issues:

	<u>Issue Date</u>	<u>Amount Issued</u>	<u>Interest Rates</u>	<u>Balance 6/30/2012</u>	<u>Governmental Activities</u>	<u>Business-Type Activities</u>
General obligation bonds						
General corporate	6/1/2006	\$ 2,990,000	3.85-4.00	\$ 1,428,782	(1) \$ 1,428,782	\$ -

2017	2,236,692	236,648	-	-
2018-2021	7,140,628	394,089	-	-
	<u>\$ 17,177,089</u>	<u>\$ 2,158,567</u>	<u>\$ 1,490,103</u>	<u>\$ 77,188</u>

Tax Increment Revenue Bonds. In April 2004 the City issued \$420,000 of tax increment revenue bonds bearing interest at 4.25% for property acquisition in the Downtown Urban Renewal Area. These bonds were paid in full during 2012. In June 2004 \$1,885,000 of tax increment bonds were issued to fund public improvements in the Southend Urban Renewal Area.

TIF Revenues Pledged. The City has pledged a portion of future urban renewal tax increment revenues to repay the Tax Increment Revenue Bonds noted above. The urban renewal tax increment revenues were projected to produce 100% of the debt service requirements over the life of the bonds. Total principal and interest remaining on the bonds are \$1,474,753 payable through 2021. For the current year, principal and interest paid and total incremental tax revenues were \$259,698 and \$620,150, respectively.

Tax increment revenue bonds as of June 30, 2012 consist of the following issues:

	<u>Issue Date</u>	<u>Amount Issued</u>	<u>Interest Rates</u>	<u>Balance June 30, 2012</u>
Tax Increment Revenue Bonds:				
Urban Renewal Tax Increment	06/24/2004	\$ 1,885,000	4.55-5.80%	\$ <u>1,140,000</u>

Annual debt service requirements to maturity for the tax increment revenue bond is as follows:

<u>Year Ending June 30</u>	<u>Governmental</u>	
	<u>Principal</u>	<u>Interest</u>
2013	\$ 105,000	\$ 61,308
2014	110,000	56,320
2015	115,000	50,930
2016	120,000	45,065
2017	125,000	38,705
2018-2021	565,000	82,425
	<u>\$ 1,140,000</u>	<u>\$ 334,753</u>

State Revolving Fund (SRF) Revenue Loan. In November of 2008, the City entered into a State Revolving Fund Loan with the State of Iowa in the amount of \$16,500,000 to finance comprehensive improvements at the City's Water Pollution Control Plant. As of June 30, 2012, the loan balance is \$15,428,000. The Loan has an interest rate of 3% and a loan servicing fee of .25% per annum of the principal amount of the loan outstanding. Repayment of this loan is to come from future revenues of the Plant.

State Revolving Fund Revenues Pledged. The City is required to establish, impose, adjust, and provide for the collection of fees to be charged to customers of the Water Pollution Control Plant to produce gross revenues at least sufficient to pay operating and maintenance costs of the plant and to leave a net balance equal to at least 110% of the principal and interest on all of the bonds and any other parity obligations due in such fiscal year as they become due. The City is also required to establish a Sewer Revenue Bond Sinking Fund into which there shall be set aside from net revenues, sufficient funds to pay interest on and principal of all of the bonds and any parity obligations as the same become due.

Annual debt service requirements for the state revolving fund revenue loan are as follows:

<u>Year Ending June 30</u>	<u>Business-Type</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Fees</u>
2013	\$ 560,000	\$ 462,990	\$ 38,583
2014	578,000	446,190	37,183
2015	597,000	428,850	35,738
2016	616,000	410,940	34,245
2017	636,000	392,460	32,705
2018-2022	3,505,000	1,663,350	138,614
2023-2027	4,114,000	1,102,200	91,851
2028-2032	4,822,000	443,670	36,973
	<u>\$ 15,428,000</u>	<u>\$ 5,350,650</u>	<u>\$ 445,892</u>

On April 15, 2010, the City entered into a State Revolving Fund (SRF) Planning and Design Loan in the amount of \$108,000 for engineering design services for a sewer extension project in the northeast section of the City. As of June 30, 2012 the City had drawn down \$51,565 of the loan amount. The principal of the Planning and Design Loan is payable three years from the project note date or May 5, 2013. If the City enters into an SRF construction loan for this project, the Planning and Design Loan repayment will be incorporated into the payment schedule for the permanent SRF financing for this project.

Long-term liability activity for the year ended June 30, 2012 was as follows:

Primary government

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Governmental activities:					
Bonds payable:					
General obligation bonds	\$ 13,900,000	\$ 4,715,000	\$ (1,485,000)	\$ 17,130,000	\$ 1,535,000
Tax increment revenue bonds	1,330,000	-	(190,000)	1,140,000	105,000
Premiums/discounts	53,147	-	(6,058)	47,089	8,020
Total bonds payable	15,283,147	4,715,000	(1,681,058)	18,317,089	1,648,020
Compensated absences	1,277,331	754,046	(785,185)	1,246,192	604,282
Other post-employment benefits liability	115,007	117,222	-	232,229	-
Governmental activity long-term liabilities	\$ 16,675,485	\$ 5,586,268	\$ (2,466,243)	\$ 19,795,510	\$ 2,252,302
Business-type activities:					
Bonds payable:					
General obligation bonds	\$ 2,325,000	\$ -	\$ (750,000)	\$ 1,575,000	\$ 775,000
State revolving fund loan	15,562,739	407,261	(542,000)	15,428,000	560,000
State revolving fund planning and design loan	46,621	4,944	-	51,565	-
Premiums and deferred charges	(127,344)	-	42,447	(84,897)	(42,448)
Total bonds payable	17,807,016	412,205	(1,249,553)	16,969,668	1,292,552
Compensated absences	349,989	261,660	(251,357)	360,292	188,318
Other post-employment benefits liability	40,996	42,029	-	83,025	-
Closure/post-closure obligation	38,645	-	-	38,645	-
Business-type activity long-term liabilities	\$ 18,236,646	\$ 715,894	\$ (1,500,910)	\$ 17,451,630	\$ 1,480,870

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for these funds are included as part of the above totals for governmental activities. At year-end \$44,444, of internal service funds compensated absences are included in the above amounts. Also, for the governmental activities, compensated absences and other post employment benefits are generally liquidated by the general fund.

Discretely presented component units

Activity for the Solid Waste Agency for the year ended June 30, 2012, was as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Compensated absences	\$ 835	\$ 1,054	\$ (569)	\$ 1,320	\$ 1,177
Closure/post-closure obligation	<u>2,396,644</u>	<u>98,165</u>	<u>-</u>	<u>2,494,809</u>	<u>-</u>
Total liabilities	<u>\$ 2,397,479</u>	<u>\$ 99,219</u>	<u>\$ (569)</u>	<u>\$ 2,496,129</u>	<u>\$ 1,177</u>

Activity for Muscatine Power & Water for the year ended December 31, 2011, was as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>
Series 2001 revenue bonds	\$ 25,855,000	\$ -	\$ (25,855,000)	\$ -
Unamortized portion of deferred loss on refundings	(72,370)	-	72,370	-
Unamortized portion of revenue bond premiums	73,671	-	(73,671)	-
State revolving fund loan	265,096	40,904	(32,000)	274,000
Note payable to bank	4,800,000	-	-	4,800,000
Post-employment health benefit provision	<u>150,721</u>	<u>27,873</u>	<u>-</u>	<u>178,594</u>
Total long-term debt	31,072,118	<u>\$ 68,777</u>	<u>\$ (25,888,301)</u>	5,252,594
Less current installments	<u>12,617,000</u>			<u>912,000</u>
Long-term debt, net of current portion	<u>\$ 18,455,118</u>			<u>\$ 4,340,594</u>

The revenue bonds, which rank on a parity with each other, are secured by future net revenues of the electric utility as defined in the bond resolutions.

In December 2008, the communications utility acquired loans from three local banks to cover the digital transition project and other capital costs. The loan agreement allows the communications utility to draw down a total amount of up to \$4,800,000 through December 31, 2010, at an annual interest rate of 4.7%. Interest will be paid semi-annually beginning July 1, 2009; principal repayment will be paid annually beginning January 1, 2012. As of December 31, 2011, the communications utility borrowed the entire \$4,800,000.

On November 18, 2009, the utility closed on a loan from the Iowa Department of Natural Resources' State Drinking Water Revolving Loan Fund for the well motor control project. The loan is administered by the Iowa Finance Authority. The loan agreement provided for the borrowing of up to \$494,000; total amount borrowed was \$399,000. The project qualified for ARRA (Stimulus Act) funding as a "green" water project and eligible for \$93,000 loan forgiveness. The interest rate on the loan is 3.0% interest, plus a 0.25% servicing fee, with a 10-year repayment term. Interest payments are payable semi-annually and began June 1, 2010; principal payments began June 1, 2011 and are due annually. Total outstanding loan payable at December 31, 2011 was \$274,000.

At December 31, 2011, the bank loan and state revolving fund loan mature and bear interest as follows:

Year Ending December 31	Bank Loan		State Revolving Fund Loan		
	Principal Amount	Interest	Principal Amount	Interest	Servicing Fee
2012	\$ 885,000	\$ 204,803	\$ 27,000	\$ 7,826	\$ 685
2013	915,000	162,502	28,000	6,990	618
2014	960,000	118,440	29,000	6,135	548
2015	1,005,000	72,263	29,000	5,265	475
2016	1,035,000	24,322	30,000	4,380	402
2017-2020	-	-	131,000	8,055	835
Totals	<u>\$ 4,800,000</u>	<u>\$ 582,330</u>	<u>\$ 274,000</u>	<u>\$ 38,651</u>	<u>\$ 3,563</u>

In prior years, the Utility provided for the advance refunding of certain revenue bonds. In connection with these advance refundings, the Utility deposited certain amounts in irrevocable trust funds for the repayment of all principal and interest on the advance refunded bonds. The Utility is contingently liable for repayment of these bonds which in the aggregate amounted to \$29,680,000 at December 31, 2011. The bonds and corresponding trust funds are not included on the balance sheet at December 31, 2011 as the outstanding bonds are considered defeased.

Water and communications utility revenues, net of specified operating expenses, are pledged as security of the water and communications debt until fully paid. Principal and interest paid in 2011 and water and communications utility net revenues are as follows:

	<u>Water</u>	<u>Communications</u>
Principal and interest paid	\$ 40,744	\$ 140,818
Net revenues	797,250	3,486,023

Annual future principal and interest payments are expected to require 4% and 56% of the water and communications utility net revenues, respectively.

NOTE 7. LANDFILL CLOSURE AND POSTCLOSURE CARE COST

State and federal laws and regulations require the Muscatine County Solid Waste Management Agency to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure.

Although closure and post closure care costs will be paid only near or after the date that the landfill stops accepting waste, the Agency reports a portion of these closure and post closure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$2,494,809 reported as landfill closure and post closure care liability at June 30, 2012, represents the cumulative amount reported to date based on the use of 67.27% of the estimated capacity of the current landfill property. The Agency will recognize the remaining estimated cost of closure and post closure care of \$1,213,691 as the remaining estimated capacity is filled over the 18 remaining years.

These amounts are based on what it would cost to perform all closure and post closure care in 2012. The Agency expects the currently-permitted landfill property to reach its capacity in 2030. Actual costs may be higher due to inflation, changes in technology, or changes in regulations. The Agency has begun to accumulate resources to fund these costs in accordance with state and federal requirements.

NOTE 8. RETIREMENT SYSTEMS

Iowa Public Employees Retirement System

The City contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by State statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

In the current year plan members were required to contribute 5.38% of their annual covered salary and the City was required to contribute 8.07% of annual covered payroll. Contribution requirements are established by State statute. The City's contributions to IPERS for the years ended June 30, 2012, 2011, and 2010 were \$596,712, \$507,528, and \$470,940 respectively, equal to the required contributions for each year.

Municipal Fire and Police Retirement System of Iowa

The City contributes to the Municipal Fire and Police Retirement System of Iowa, which is a cost-sharing, multiple-employer defined benefit pension plan administered by a Board of Trustees. The Plan provides retirement, disability and death benefits which are established by State statute to plan members and beneficiaries. The Plan issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to Municipal Fire and Police Retirement System of Iowa, 7155 Lake Drive, Suite 201, West Des Moines, Iowa 50266.

Plan members are required to contribute 9.35% of earnable compensation and the City's contribution rate for the year ended June 30, 2012 was 24.76% of earnable compensation. Contribution requirements are established by State statute. The City's contributions to the Plan for the years ended June 30, 2012, 2011, and 2010 were \$1,029,441, \$778,181, and \$654,034, respectively, which met the required minimum contribution for each year.

NOTE 9. DEFICIT FUND EQUITY

Two of the City's funds had fund balance deficits as of June 30, 2012. These funds and the amount of the deficits are as follows:

<u>Fund</u>	<u>Deficit Amount</u>
Non-major capital projects:	
Community development improvements	\$ 14,546
Riverfront improvement projects	246,085

These deficits are not considered a violation of any law, and are expected to be eliminated through future operations.

NOTE 10. OTHER POST EMPLOYMENT HEALTH AND DENTAL CARE BENEFITS (OPEB)

Plan description: The City sponsors a single-employer health care plan for its active and retired employees. Upon normal retirement, employees have the option of continuing health and dental insurance coverage at their cost until the age of 65.

The City, additionally, has an employee benefit program for employees laid off as a result of budget reductions. The employee must be at least 55 years of age but no more than 65 years of age except for the case of a police officer or a firefighter who must be at least 50 years of age but no more than 55 years of age. Employees must also have had at least 15 years of continuous service with the City. The City will provide 100% paid single medical insurance for the employee until the employee reaches the age of 65 or until the employee is re-employed in a position where medical insurance is available or obtains medical insurance from another source. The City will pay 90% of the family coverage if such individual had family coverage during the time of employment for a period of one

year after termination after which the City will pay 75% the second year, 50% the third year and 25% after the fourth year. Participation by the City will cease in the fifth year. For police officers and firefighters, this provision is effective until the age of 55.

In 1986, Congress approved the Consolidated Omnibus Budget Reconciliation Act of 1986 which includes the provision for the continuation of group insurance coverage to either the employee or dependents depending upon the circumstances. For the City, this coverage includes health insurance and dental insurance. The death of a covered employee, a divorce or legal separation of the covered employee from the employee's spouse, the covered employee's commencement of Medicare coverage, the cessation of a dependent child's coverage under the terms of the plan, the termination of employment other than by reason of gross misconduct of the covered employee or the reduction of hours of the employee are events which would allow for such continuation. The continuation period is thirty-six months except for the termination of employment or reduction of hours, which allows for only an eighteen-month period. The premium for coverage during the continuation period is to be paid by the employee or the employee's dependent to the City on a monthly basis. It is the employee's responsibility to notify the employer of any change in status, which might involve the continuation of coverage.

Funding policy: The City establishes and amends contribution requirements. The current funding policy of the City is to pay health claims as they occur. This arrangement does not qualify as OPEB plan assets under GASB reporting.

The required contribution is based on projected pay-as-you-go financing. For the year ended June 30, 2012, the City contributed \$5,323, which was net of retiree premiums received of \$147,951.

Annual OPEB Cost and Net OPEB Obligation: The City's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not-to-exceed 30 years. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and the changes in the City's net OPEB obligation to the postemployment health plan:

Annual Required Contribution	\$ 156,774
Interest on net OPEB obligation	7,800
Adjustment to annual required contribution	<u>0</u>
Annual OPEB cost (expense)	164,574
Contributions and payments made	<u>5,323</u>
Increase in net OPEB obligation	159,251
 Net OPEB obligation – July 1, 2011	 <u>156,003</u>
Net OPEB obligation – June 30, 2012	<u>\$ 315,254</u>

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the year ended June 30, 2012 and the two preceding years are as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
June 30, 2010	\$ 161,741	54.04%	\$ 97,249
June 30, 2011	155,310	62.17%	156,003
June 30, 2012	164,574	3.23%	315,254

Funded status and funding progress: As of July 1, 2010 the most recent valuation date, the plan was zero percent funded. The actuarial accrued liability for benefits was \$1,302,300 and the actuarial value of assets is zero resulting in an unfunded actuarial accrued liability (UAAL) of \$1,302,300. The covered payroll (annual payroll of active employees covered by the plan) was \$10,108,158 and the ratio of the UAAL to the covered payroll was 13 percent.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumption about future employment, mortality and the health care cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial methods and assumptions: Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and included the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the actuarial valuation, the projected unit credit method was used. The actuarial assumptions included a 3 percent salary increase, 5 percent investment rate of return (net of administrative expenses) which is based on the expected long-term investment return of the employer's own investments used to pay plan benefits, and an annual health care cost trend rate of 6 percent declining to an ultimate rate of 5 percent. The UAAL is being amortized as a level dollar of projected payroll on an open basis. The amortization of UAAL is done over a period of 30 years.

NOTE 11. INDUSTRIAL REVENUE BONDS

The City has, during recent years, participated in several issues of industrial revenue bonds, issued for the purpose of constructing privately owned manufacturing and other related facilities within the City. These bonds are neither direct nor contingent liabilities of the City. The revenue from property purchased with the bond proceeds is pledged for the full payment of principal and interest on the bonds, and the bondholders can look only to these sources for repayment. The total bonds outstanding for all issues is approximately \$3,520,000 as of June 30, 2012.

NOTE 12. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the government carries commercial insurance. Settled claims have not exceeded commercial coverage in any of the last three fiscal years.

The City has established a Health Insurance Fund for insuring benefits provided to City employees and covered dependents which is included in the Internal Service Funds. Health benefits were self-insured up to a specific stop loss amount of \$75,000, and an aggregate stop loss of approximately \$2,942,000 for 2012. Coverage from a private insurance company is maintained for losses in excess of the aggregate stop loss amount. All claims handling procedures are performed by a third party claims administrator. Incurred but not reported claims have been accrued as a liability based upon the claims administrator's estimate. The estimated liability does not include any allocated or unallocated claims adjustment expense. Settled claims have not exceeded commercial coverage in any of the last three fiscal years.

All funds of the City participate in the program and make payments to the Health Insurance Fund based on actuarial estimates of the amounts needed to pay prior and current year claims. The claims liability of \$212,882 in the Health Insurance Fund is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

Changes in reported liabilities for the fiscal years ended June 30, 2012 and 2011 are summarized as follows:

Liabilities at July 1, 2010	\$ 147,611
Claims and changes in estimates during fiscal year 2011	2,055,789
Claim payments	<u>(1,945,542)</u>
Liabilities at June 30, 2011	\$ 257,858
Claims and changes in estimates during fiscal year 2012	2,094,943
Claim payments	<u>(2,139,919)</u>
Liabilities at June 30, 2012	<u>\$ 212,882</u>

NOTE 13. COMMITMENTS AND CONTINGENCIES

The City Attorney has reported that as of June 30, 2012, there were claims and losses that are on file against the City. The City has the authority to levy additional taxes outside the regular limit to fund any uninsured judgment against the City. However, it is estimated that the potential settlement of these claims not covered by insurance would not materially affect future financial statements of the City.

The City has various outstanding contracts, which are accounted for in the Capital Projects, Water Pollution Control, and Airport funds. The remaining commitment on these contracts as of June 30, 2012, is \$5,739,159.

As a member of the Muscatine Area Geographic Information Consortium (MAGIC), the City is responsible for one-third of the operating expenses incurred by MAGIC. The City's contribution for fiscal year 2013 is set at \$87,860.

The City has signed an Order for Compliance On Consent issued by the United States Environmental Protection Agency. Provisions of the Order require the City to complete separation of the combined sewers including the West Hill area by December 31, 2024. Preliminary cost estimates for the projects could reach or exceed \$50 million. Estimates will be re-evaluated as planning progresses. It is anticipated that the majority of the cost of these projects will be funded by the proceeds from the 1% local option sales tax.

Muscatine Power & Water has committed to purchasing 250,000 tons of coal in 2012 on the spot market under five different contracts with four different suppliers.

Muscatine Power & Water has rail transportation agreements with two separate companies for the delivery of coal through December 31, 2017 and December 31, 2016. The utility's first agreement is for coal shipped from the Powder River Basin (PRB), Wyoming to an interchange with the local delivery carrier. The contract term is from July 1, 2011 through December 31, 2017 where the rate is adjusted quarterly beginning January 2012 plus monthly fuel surcharges. The utility's minimum requirement is 100% of the tons shipped from the PRB up to the utility's annual tonnage nomination. In the event the utility does not meet their nominated tons, the utility has agreed to pay a per ton penalty for the shortfall.

Shipment of coal from the interchange point to the utility's generating station is covered by one agreement that expires December 31, 2012 and another that begins January 1, 2013 and expires December 31, 2016. The first agreement covers the shipment of coal from the interchange to the utility's electric generating station. The contract rate is determined by the interchange that the train travels through, and is adjusted quarterly. There is no annual minimum tonnage requirement. The second rail agreement covers the shipment of coal from the interchange to the utility's electric generating station. The contract rate is adjusted quarterly. There is no minimum annual shipping requirement; however, the utility will nominate their needs by November 1 of the preceding year. In the event the utility does not meet their nominated tons, the utility has agreed to pay a per ton penalty for the shortfall.

Muscatine Power & Water has contracted to sell steam to a local customer. The ten-year agreement began July 1, 2000. The customer is obligated to take a minimum annual quantity of steam each year (2,338,920 kilo pounds). The contract was amended in 2007 to add an additional ten years to the agreement. The amendment obligates the customer to certain environmental capital costs (approximately \$2 million) and ongoing SO₂, NO_x and mercury emission allowance costs. If the contract is cancelled during the amendment period, the customer has agreed to reimburse the utility for any of the unrecovered environmental capital costs.

Muscatine Power & Water has Board-approved open contracts for approximately \$174,000. As of December 31, 2011, approximately \$169,000 of this amount has been expended.

NOTE 14. NEW GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB) STATEMENTS

The City adopted the following statements during the year ended June 30, 2012:

GASB Statement No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*, issued January 2010, was effective for the City beginning with its year ending June 30, 2012. This Statement addresses issues related to measurement of OPEB obligations by certain employers participating in agent multiple-employer OPEB plans. GASB 57 amends GASB Statement No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, and GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. Adoption of this statement had no effect on the City.

GASB Statement No. 64, *Derivative Instruments: Application of Hedge Accounting Termination Provisions* (an amendment of GASB Statement No. 53), issued July 2011, was effective for the City beginning with its year ending June 30, 2012. This Statement clarifies that when certain conditions are met, the use of hedge accounting should not be terminated. Those conditions are: (a) the collectability of swap payments is considered to be probable, (b) the replacement of the counterparty or credit support provider meets the criteria of an assignment or in-substance assignment as described in the Statement, and (c) the counterparty or counterparty credit support provider (and not the government) has committed the act of default or termination event. When all of these conditions exist, the GASB believes that the hedging relationship continues and hedge accounting should continue to be applied. Adoption of this statement had no effect on the City.

As of June 30, 2012, the GASB had issued several statements not yet implemented by the City. The statements which might impact the City are as follows.

GASB Statement No. 60, *Accounting and Financial Reporting for Service Concession Arrangements*, issued November 2010, will be effective for the City beginning with its year ending June 30, 2013. This Statement is intended to improve financial reporting by addressing issues related to service concession arrangements (SCAs), which are a type of public-private or public-public partnership. Specifically, this Statement improves financial reporting by establishing recognition, measurement, and disclosure requirements for SCAs for both transferors and governmental operators, requiring governments to account for and report SCAs in the same manner, which improves the comparability of financial statements. This Statement also improves the decision usefulness of financial reporting by requiring that specific relevant disclosures be made by transferors and governmental operators about SCAs.

GASB Statement No. 61, *The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and No. 34*, issued November 2010, will be effective for the City beginning with its year ending June 30, 2013. This Statement is intended to improve financial reporting for a governmental financial reporting entity by improving guidance for including, presenting, and disclosing information about component units and equity interest transactions of a financial reporting entity. The amendments to the criteria for including component units allow users of financial statements to better assess the accountability of elected officials by ensuring that the financial reporting entity includes only organizations for which the elected officials are financially accountable or that are determined by the government to be misleading to exclude. The amendments to the criteria for blending also improve the focus of a financial reporting entity on the primary government by ensuring that the primary government includes only those component units that are so intertwined with the primary government that they are essentially the same as the primary government, and by clarifying which component units have that characteristic.

GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, issued January 2011, will be effective for the City beginning with its year ending June 30, 2013. This Statement is intended to enhance the usefulness of the Codification of Governmental Accounting and Financial Reporting Standards by incorporating guidance that previously could only be found in certain FASB and AICPA pronouncements. This Statement incorporates into the GASB's authoritative literature the applicable guidance previously presented in the following pronouncements issued before November 30, 1989: FASB Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the AICPA's Committee on Accounting Procedure. By incorporating and maintaining this guidance in a single source, the GASB believes that GASB 62 reduces the complexity of locating and using authoritative literature needed to prepare state and local government financial reports.

GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, issued July 2011, will be effective for the City beginning with its year ending June 30, 2013. This Statement is intended to improve financial reporting by providing citizens and other users of state and local government financial reports with information about how past transactions will continue to impact a government's financial statements in the future. This Statement provides a new statement of net position format to report all assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position (which is the net residual amount of the other elements). The Statement requires that deferred outflows of resources and deferred inflows of resources be reported separately from assets and liabilities. This Statement also amends certain provisions of Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments, and related pronouncements to reflect the residual measure in the statement of financial position as net position, rather than net assets*.

GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, issued April 2012, will be effective for the City beginning with its year ending June 30, 2014. This Statement clarifies the appropriate reporting of deferred outflows of resources and deferred inflows of resources to ensure consistency in financial reporting. GASB Concepts Statement (CON) No. 4, *Elements of Financial Statements*, specifies that recognition of deferred outflows and deferred inflows should be limited to those instances specifically identified in authoritative GASB pronouncements. Consequently, guidance was needed to determine which balances being reported as assets and liabilities should actually be reported as deferred outflows of resources or deferred inflows of resources, according to the definitions in CON 4. Based on those definitions, this Statement reclassifies certain items currently being reported as assets and liabilities as deferred outflows of resources and deferred inflows of resources. In addition, the Statement recognizes certain items currently being reported as assets and liabilities as outflows of resources and inflows of resources.

GASB Statement No. 66, *Technical Corrections - 2012*, issued April 2012, will be effective for the City beginning with its year ending June 30, 2014. This Statement enhances the usefulness of financial reports by resolving conflicting accounting and financial reporting guidance that could diminish the consistency of financial reporting. This Statement amends GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*, by removing the provision that limits fund-based reporting of a state or local government's risk financing activities to the general fund and the internal service fund types. As a result, governments would base their decisions about governmental fund type usage for risk financing activities on the definitions in GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This Statement also amends GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, by modifying the specific guidance on accounting for: (a) operating lease payments that vary from a straight-line basis; (b) the difference between the initial investment (purchase price) and the principal amount of a purchased loan or group of loans; and (c) servicing

fees related to mortgage loans that are sold when the stated service fee rate differs significantly from a current (normal) servicing fee rate. These changes would eliminate any uncertainty regarding the application of GASB Statement No. 13, *Accounting for Operating Leases with Scheduled Rent Increases*, and result in guidance that is consistent with the requirements in GASB Statement No. 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues*, respectively.

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, issued June 2012, will be effective for the City beginning with its year ending June 30, 2015. This Statement replaces the requirements of GASB Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers*, and GASB Statement No. 50, *Pension Disclosures*, as they relate to governments that provide pensions through pension plans administered as trusts or similar arrangements that meet certain criteria. This Statement requires governments providing defined benefit pensions to recognize their long-term obligation for pension benefits as a liability for the first time, and to more comprehensively and comparably measure the annual costs of pension benefits. This Statement also enhances accountability and transparency through revised and new note disclosures and required supplementary information.

CITY OF MUSCATINE, IOWA

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

JUNE 30, 2012

NOTE 1. Budget Preparation and Adoption

The State of Iowa requires the annual budgets for the year beginning July 1 be certified to the County Auditor no later than March 15 preceding the beginning of the fiscal year. The budget must include the amount to be raised by property taxation, income from sources other than property taxation, and expenditures for each of the functional areas described in Note 3.

Preliminary budget review of all operating department requests is conducted by the City Administrator. The budget proposal as presented to the City Council by the City Administrator is a complete financial plan for the upcoming fiscal year. The proposal is submitted on or before the first Monday of February. The City Council holds various budget meetings with the City Administrator, Finance Director, department heads, and boards and commissions, as well as holding a public hearing prior to adopting the budget. The Council adopts the budget by resolution and certifies it to the County Auditor by the 15th of March preceding the beginning of the fiscal year. This budget becomes the appropriation for the operations of the City.

After the initial annual budget is adopted, it may be amended for specified purposes. Budget amendments must be prepared and adopted in the same manner as the original budget. Management is not authorized to amend the budget or to make budgetary transfers between functions without the approval of the City Council.

The City Council also approves a five-year capital improvement program. This capital improvement program is reviewed and revised annually by the City Council; a public hearing also is held in regard to proposed capital improvements for the City.

Note 2. Basis of Budgeting

Annual budgets are adopted following required public notice and hearings for all funds with the exception of certain internal service and permanent funds, on a basis consistent with accounting principles generally accepted in the United States of America (GAAP), except that encumbrances are also recognized as a valid and proper charge against the budget appropriations in the year in which the commitment was issued. Encumbrances represent purchases on order related to unperformed contracts for goods or services with the exception of capital projects fund contracts. For budgetary purposes, encumbrances are recognized as a valid and proper charge against the budget appropriation in the year in which the commitment was issued. Encumbrances do not lapse at year-end and provide authorization for expenditure the following year. In the preceding budget schedules, expenditures include current fiscal year encumbrances and exclude the payment of prior year encumbrances. Additionally, all general obligation bond payments including those which for accounting purposes are accounted for through enterprise funds are budgeted in the debt service fund.

NOTE 3. Budget Functions

Formal and legal budgetary control is based upon nine major classes of expenditures known as functions, not by fund or fund type. These nine functions are: public safety, public works, health and social services, culture and recreation, community and economic development, general government, debt service, capital projects, and business type activities. Function disbursements required to be budgeted include disbursements for the General Fund, Special Revenue Funds, Debt Service Fund, Capital Projects Funds, Enterprise Funds and certain Permanent and Internal Service Funds. Although the City's budget document presents expenditures by fund, the legal level of control is at the aggregated function level, not by fund. During the year, two budget amendments increased budgeted disbursements in total by \$1,655,983. This overall increase is primarily due to changes in capital project construction schedules, grant funds awarded after the original budget was adopted, and refunding \$215,000 of outstanding general obligation debt. These budget amendments are reflected in the final budgeted amounts.

During the year ended June 30, 2012 expenditures did not exceed their budgeted amounts in all functions with the exception of the debt service function which exceeded the budgeted amount by \$2,124 due to refunding bond issuance costs.

NOTE 4. Other Postemployment Benefit Plan

The information in the required supplementary schedule was determined as part of the actuarial valuations as of July 1, 2008 and July 1, 2010. Additional information is as follows:

1. The cost method used to determine the ARC is the Projected Unit Credit Actuarial Cost method.
2. There are no plan assets.
3. Economic assumptions in the July 1, 2010 valuation are as follows: health care cost trend rate of 6% for year one and 5% for year two and after, an investment return rate of 5.0%, and a 3% annual salary increase.
4. The amortization method is open period, level dollar.

NON-MAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are utilized to account for revenues derived from specific sources which are accounted for as separate funds. These funds are as follows:

COMMUNITY DEVELOPMENT BLOCK GRANT - Accounts for block grants received to rehabilitate and improve designated declining areas within the City.

1ST TIME HOME OWNERS PROGRAM - Accounts for funds received to provide education and counseling services to assist persons interested in purchasing their own homes.

ROAD USE TAX - Accounts for road use tax allocated to the City to be used to maintain and improve the City's street system.

SECTION 8 HOUSING PROGRAM - Accounts for the operations of the City's Section 8 Housing Program which provides rental assistance to low income individuals and families in the City.

SUNSET PARK EDUCATION PROGRAM - Accounts for the children's after school education program at the Sunset Park public housing apartment complex.

POLICE FORFEITURES - Accounts for funds received by the police department from seized and forfeited properties under guidelines established by the U.S. Department of Justice and the State of Iowa.

DOWNTOWN TAX INCREMENT - Accounts for the incremental taxes from the expanded Downtown Urban Renewal Area and the debt service requirements on the tax increment revenue bonds which financed improvements in the downtown area.

SOUTHEND TAX INCREMENT - Accounts for the incremental taxes from the Southend Urban Renewal Area which funded economic development incentives for expanding businesses in this area, other improvements in the southend area, and the debt requirements on the tax increment revenue bonds which financed improvements in the southend area.

CEDAR DEVELOPMENT TAX INCREMENT - Accounts for incremental taxes from the Cedar Development Urban Renewal Area.

MUSCATINE MALL TAX INCREMENT - Accounts for incremental taxes from the Muscatine Mall Urban Renewal Area.

HEINZ TAX INCREMENT - Accounts for incremental taxes from the Industrial/Heinz Urban Renewal Area.

ART CENTER SPECIAL FUNDS - Accounts for the Alice Dodge Schaeffer Trust, the principal and interest of which is used for the conservation of furnishings, which accompanied this trust. Also accounts for the General Donations Trust which is used for cash donations to the Art Center either for specific purchases or general donations to be used to fund acquisitions designated by the Board of Trustees of the Art Center. Also accounts for funds received from the estate of Brad Burns.

LIBRARY SPECIAL FUNDS - Accounts for the Library Gift and Memorial Trust used for general donations to the Musser Public Library and the Homebound Delivery Trust used for donations to further the home delivery program.

PARKS DONATIONS - Accounts for funds from the estate of Frank C. Bishop to be used for park improvements.

CAPITAL PROJECTS FUNDS

The Capital Projects Funds are utilized to account for financial resources to be used for the acquisition or construction of capital facilities and other major capital assets, with the exception of those that are financed by Enterprise and Internal Service Funds. The project funds reflect the nature of the capital projects and are as follows:

COMMUNITY DEVELOPMENT IMPROVEMENTS FUND - Accounts for urban renewal improvements, housing rehabilitation, and building demolition projects in designated areas of the City.

STREET AND SIDEWALK IMPROVEMENTS FUND - Accounts for the City's pavement management program including ongoing maintenance of the improved streets.

OTHER STREET IMPROVEMENTS FUND - Accounts for other street projects throughout the City.

RIVERFRONT IMPROVEMENT PROJECTS FUND - Accounts for riverfront and levee improvement projects.

OTHER PUBLIC IMPROVEMENTS FUND - Accounts for construction and improvements to City buildings, improvements of City park facilities and equipment and technology acquisitions.

PERMANENT FUNDS

Permanent Funds are used to account for resources that are legally restricted to the extent that only earnings and not principal may be used for purposes that benefit the City's programs and services.

McWhirter-Gilmore Trust - Accounts for funds received which accompanied the gift of the Musser Mansion museum facility. Interest earnings on this trust are used for the maintenance of the museum building.

Perpetual Care Trust - Accounts for the portion of cemetery lot sales designated for perpetual care.

Perpetual Care Interest Trust - Accounts for interest earned on cemetery perpetual care funds which is required to be used for the operation and maintenance of the cemetery facility.

Cemetery Special Trusts - Accounts for funds received, the interest earnings of which are designated to be used to maintain specific cemetery lots or to provide floral arrangements for these lots.

NON-MAJOR ENTERPRISE FUNDS

The Enterprise Funds are utilized to account for operations and activities that are financed and operated in a manner similar to a private business enterprise, and where the cost of providing goods and services to the general public on a continuing basis is expected to be recovered primarily through user charges. The City has also established Enterprise Funds when the determination has been made that it is advantageous to segregate revenues earned, expenses incurred, and net income for purposes of capital maintenance, public policy, management control or accountability.

AIRPORT OPERATIONS - Accounts for the activities of the Municipal Airport. This activity is supported by user charges and a subsidy from the General Fund.

PARKING OPERATIONS - Accounts for the operations of "on" and "off-street" parking meters and parking in designated lots. All activities necessary to provide for such services are accounted for in this fund including, but not limited to, meter enforcement, maintenance, and administration.

TRANSIT OPERATIONS - Accounts for the operations of the municipal transit system. The system is funded from user fees, grants, and property taxes from a special levy.

GOLF COURSE - Accounts for the operation and maintenance of the Municipal Golf Course. This includes activities necessary to provide for the operation of the course as well as capital improvements.

BOAT HARBOR - Accounts for the operation and maintenance of the municipal boat harbor in addition to capital improvements to the harbor.

MARINA OPERATIONS - Accounts for the operation of the City's gas barge which provides fuel sales to boaters on the Mississippi River.

AMBULANCE OPERATIONS - Accounts for the Fire Department Ambulance Service which began providing service July 1, 2000.

PUBLIC HOUSING - Accounts for the operations of the City's public housing program which includes a 100-unit elderly housing facility and a 50-unit family facility.

INTERNAL SERVICE FUNDS

Internal Service Funds are established to finance and account for services and commodities furnished by one department or agency of the City to other departments or agencies of the City. Internal Service Funds are as follows:

EQUIPMENT SERVICES FUND - Accounts for the operations and maintenance of the central garage. All costs incurred for the maintenance of City vehicles and operation of the facility are charged to departments on a cost reimbursement basis.

CENTRAL SUPPLIES FUND - Accounts for the central inventory of office supplies which are provided to City departments on a cost reimbursement basis.

HEALTH INSURANCE FUND - Accounts for the costs related to the City's self-insurance plan which provides health insurance benefits to employees.

DENTAL INSURANCE FUND – Accounts for the costs related to the City's self-insurance plan which provides dental insurance benefits to employees.

City of Muscatine, Iowa

FIDUCIARY FUNDS

AGENCY FUNDS

Agency Funds are those used to account for assets held by a government as an agent for individuals, private organizations, or other governments.

PAYROLL CLEARING FUND - Accounts for the collection and payment of employee payroll withholdings and City contributions for payroll taxes.

MISCELLANEOUS CLEARING FUND - Accounts for general City expenditures to be allocated to other funds and miscellaneous funds received by the City as an agent for individuals, organizations or other funds.

HOUSING REVOLVING FUND - Accounts for general City expenditures allocated to the City's Housing Programs, which are reimbursed by the Housing Programs.

STATISTICAL SECTION

This part of the City of Muscatine's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Contents	Page
Financial Trends (Schedules 1 – 5)	103-109
<i>These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.</i>	
Revenue Capacity (Schedules 6 – 9)	110-113
<i>These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.</i>	
Debt Capacity (Schedules 10 – 13)	114-117
<i>These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.</i>	
Demographic and Economic Information (Schedules 14 – 15)	118-119
<i>These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.</i>	
Operating Information (Schedules 16 – 18)	120-122
<i>These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.</i>

1. In 2010/2011 the City implemented GASB Statement 54. Under this Statement several former special revenue funds were re-classified and are now considered part of the City's general fund. This Statement also provided for new classifications of governmental fund balances: nonspendable, restricted, committed, assigned, and unassigned.

Notes - Per State statutes maximum tax rates apply to the General Fund, Transit, Levee and Emergency levies. The City has been at the maximum rate of \$8.10 for the General Fund, and \$0.0675 for the Levee as shown above. A maximum rate of \$0.95 applies to the Transit tax and a maximum rate of \$0.27 applies to the Emergency tax; the City's Transit & Emergency levies are less than the maximum allowed.

1. January 1, 2001 assessed valuations included machinery and equipment values. The State of Iowa eliminated taxes on new machinery and equipment beginning in 1995/96 and began phasing out taxes on existing machinery and equipment. This tax was fully eliminated as of the 2003/2004 year. This was a significant factor in the decrease in assessed valuations for Grain Processing/Kent Feeds and HNI Corporation.

1. Current tax collections reflect payments received by the Muscatine County Treasurer's office from July 1 through June 30 of each year. Taxes levied for the current year are classified as delinquent if not paid by June 30 each year.
2. Delinquent tax collections reflect the amounts of delinquent taxes the City received during the year. Information is not available from the County Treasurer's Office as to the year(s) for which the delinquent tax collections apply.
3. Collection percentages are close to 100% each year since the State of Iowa provides for "tax sales" in June of each year for properties with unpaid taxes. Substantially all of the taxes are paid by investors purchasing tax certificates from the "tax sales". Collections in excess of 100% are due to rounding differences when tax rates are applied to property valuations, differences in tax credits reimbursed by the State of Iowa, or changes in taxable valuations by the County Assessor after the City's budget is certified.

City of Muscatine, Iowa
Direct and Overlapping Governmental Activities Debt
As of June 30, 2012
(Unaudited)

<u>Governmental Unit</u>	<u>Debt Outstanding</u>	<u>Estimated Percent Applicable to City (1)</u>	<u>Estimated Share of Direct and Overlapping Debt</u>
Debt repaid with property taxes			
Muscatine County	\$ 10,095,000	47.80%	\$ 4,825,410
Eastern Iowa Community College (EICC)	27,100,000	6.34%	1,718,140
Other debt			
Eastern Iowa Community College (EICC)	39,175,000	6.34%	<u>2,483,695</u>
Subtotal, overlapping debt			\$ 9,027,245
City direct debt (2)		100.00%	<u>18,317,089</u>
Total direct and overlapping debt			<u><u>\$ 27,344,334</u></u>

1. The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the other governmental unit's taxable assessed value that is within the City of Muscatine's boundaries and dividing it by each governmental unit's total taxable value. These estimates were used for both debt to be repaid with property taxes as well as debt for the EICC to be repaid from sources other than property tax.
2. Excludes general obligation bonds reported in business-type activities.

Sources:

Muscatine County Auditor's Office
Eastern Iowa Community College

Note - Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City of Muscatine. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Muscatine. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt of each overlapping government.

1. Police officer positions fluctuated primarily due to grant funding for special police programs.
2. Police civilian positions were reduced by 9.5 equivalent positions when the City's dispatch center was combined with the Muscatine County dispatch operation in 2004/2005.
3. Firefighter positions were allocated to the Ambulance operation through 2006/2007. This number fluctuated each year. Beginning in 2007/2008 all firefighter positions are being charged to the Fire Department budget with a portion of the overall personnel costs allocated to the Ambulance Fund.
4. Parks and recreation positions were reduced by 1.5 in 2002/2003 when the City began contracting the operation of the Cemetery office.
5. Staffing in the Community Development department was reduced due to the decline in General Fund revenues.
6. Public works staffing was reduced by 3 in the Engineering division beginning in 2003/2004.
7. The City changed from a contractual arrangement with a Golf Professional to having a Golf Pro on staff beginning in 2007/2008.
8. The City began providing ambulance service July 1, 2000 adding 6 equivalent positions. Beginning in 2007/2008 all firefighter positions are being charged to the Fire Department budget with a portion of the overall personnel costs allocated to the Ambulance Fund.
9. The overall decline in positions in 2003/2004 and 2004/2005 was due to the decline in revenues to provide General Fund services.

1. The former Weed Park Pool did not open for the 2003 season due to mechanical problems. The Aquatic Center replaced the former pool and opened for the 2004 season.
2. The decline in adult program participants in 2005 is due to the City no longer organizing the adult softball league. A private organization now coordinates this league.
3. In 2007/2008, parking was reconfigured in the downtown area. Parking meters were removed from Second Street and free 3-hour parking was established. The number of parking tickets issued decreased significantly with this change.
4. Weed Park Aquatic Center attendance varies with summer temperatures and rain days.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

To the Honorable Mayor and
Members of the City Council
City of Muscatine, Iowa
Muscatine, Iowa

We have audited the financial statements of governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of Muscatine, Iowa as of and for the year ended June 30, 2012, which collectively comprise the **City of Muscatine, Iowa's basic financial statements** and have issued our report thereon dated December 5, 2012. Our report was modified to include a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of Muscatine Power and Water, a discretely presented component unit, as described in our report on the **City of Muscatine, Iowa's financial statements**. This report does not include the results of the other auditors' testing of internal control over financial reporting on compliance and other matters that are reported on separately by those auditors.

Internal Control over Financial Reporting

Management of the City of Muscatine, Iowa is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the **City of Muscatine, Iowa's internal control over financial reporting** as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the **City of Muscatine, Iowa's internal control over financial reporting**. Accordingly, we do not express an opinion on the effectiveness of the **City of Muscatine, Iowa's internal control over financial reporting**.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Muscatine, Iowa's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted immaterial instances of noncompliance that are described in Part IV of the schedule of findings and questioned costs.

Comments involving statutory and other legal matters about the City of Muscatine, Iowa's operations for the year ended June 30, 2012 are based exclusively on knowledge obtained from procedures performed during our audit of the basic financial statements of the City of Muscatine, Iowa. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretation of those statutes.

We noted certain matters that we reported to management of the City of Muscatine, Iowa in a separate letter dated December 5, 2012.

This report is intended solely for the information and use of the Mayor and City Council, management, others within the entity, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.

**Independent Auditor's Report on Compliance With Requirements
That Could Have a Direct and Material Effect on
Each Major Program and on Internal Control Over
Compliance in Accordance With OMB Circular A-133**

To the Honorable Mayor and
Members of the City Council
City of Muscatine, Iowa
Muscatine, Iowa

Scope of this Report

The City of Muscatine, Iowa's basic financial statements include the financial statements of Muscatine Power and Water which was audited by other auditors. The financial statements of Muscatine Power and Water were not audited in accordance with the OMB Circular A-133, *Audits of States, Local Governments and Nonprofit Organizations*. Accordingly, our audit, described below, does not extend to the discretely presented component unit.

Compliance

We have audited the City of Muscatine, Iowa's compliance with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133, *Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012. The City of Muscatine, Iowa's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City of Muscatine, Iowa's management. Our responsibility is to express an opinion on the City of Muscatine, Iowa's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments and Nonprofit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Muscatine, Iowa's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City of Muscatine, Iowa's compliance with those requirements.

In our opinion, the City of Muscatine, Iowa complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012.

Internal Control Over Compliance

Management of the City of Muscatine, Iowa is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City of Muscatine, Iowa's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Muscatine, Iowa's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Mayor and Members of the City Council, management, others within the City, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.

City of Muscatine, Iowa

**Notes to Schedule of Expenditures of Federal Awards
Year Ended June 30, 2012**

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of City of Muscatine, Iowa (the City) and Muscatine County Solid Waste Agency, its discretely presented component unit and is presented on the accrual or modified accrual basis of accounting. All federal financial assistance received directly from federal agencies, as well as federal financial assistance passed through other governmental agencies expended during the year, is included in the schedule. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States and Local Governments and Nonprofit Organizations*. Therefore, some amounts presented in the schedule may differ from amounts presented in or used in the preparation of the basic financial statements.

Note 2. Significant Accounting Policies

Revenue from federal awards is recognized when the City has done everything necessary to establish its right to revenue. In the governmental funds, revenue from federal grants is recognized when they become both measurable and available. For proprietary funds, revenue from federal grants is recognized when they are earned. Expenditures of federal awards are recognized in the accounting period when the liability is incurred and has met the eligibility criteria of the federal grant.

Note 3. Subrecipients

Of the federal expenditures presented in the schedule of expenditures of federal awards, the City provided federal awards to subrecipients as follows:

<u>Program Title</u>	<u>Federal CFDA Number</u>	<u>Amount Provided to Subrecipients</u>
Edward Byrne Justice Assistance Grant (Byrne/JAG) Program	16.738	\$ 26,129

City of Muscatine, Iowa

II. Findings Related to the Financial Statement Audit as Required to be Reported in Accordance with Generally Accepted Government Auditing Standards

A. Internal Controls

None reported

B. Compliance Findings

None reported

III. Findings and Questioned Costs for Federal Awards

A. Internal Controls

None reported

B. Compliance Findings

None reported

IV. Other Findings Related to Required Statutory Reporting

12-IV-A – Certified Budget: Disbursements during the year ended June 30, 2012 exceeded the amount budgeted in the debt service function. Chapter 384.20 of the Code of Iowa states, in part, "Public monies may not be expended or encumbered except under an annual or continuing appropriation."

Recommendation: The budget should have been amended in accordance with Chapter 384.18 of the Code of Iowa before disbursements were allowed to exceed the budget.

Response: The debt service function budget was exceeded due to issuance costs of refunding bonds issued. The budget will be amended for these costs in the future, if applicable.

12-IV-B – Questionable Expenditures: No questionable disbursements were noted.

12-IV-C – Travel Expense: No expenditures of City money for travel expenses of spouses of City officials or employees were noted.

12-IV-D – Business Transactions: Business transactions between the City and City officials or employees are detailed as follows:

<u>Transaction Description</u>	<u>Amount</u>
Temporary employment services	\$ 345

In accordance with Chapter 362.5(3)(j) of the Code of Iowa, this transaction does not appear to represent a conflict of interest since total transactions with the individual were less than \$1,500 during the fiscal year.

12-IV-E – Bond Coverage: Surety bond coverage of City officials and employees is in accordance with statutory provisions.

12-IV-F – Council Minutes: No transactions were found that we believe should have been approved in the Council minutes but were not.

12-IV-G – Deposits and Investments: No instances of noncompliance with the deposit and investment provisions of Chapters 12B and 12C of the Code of Iowa and the City's investment policy were noted.

12-IV-H – Revenue Notes: No instances of noncompliance with the provisions of the City's revenue bond resolutions.

City of Muscatine, Iowa
